

中国科技产业集团有限公司
CHINA TECHNOLOGY INDUSTRY GROUP LIMITED

(Incorporated in the Cayman Islands with limited liability)

(Stock Code: 8111)

2026 Annual Report

CHARACTERISTICS OF GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (“STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

Given that the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

*This report, for which the Directors (“**Directors**”) of China Technology Industry Group Limited (“**Company**”, and its subsidiaries, the “**Group**”, “**our Group**”, “**we**” or “**us**”) collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM of the Stock Exchange (“**GEM Listing Rules**”) for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that to the best of their knowledge and belief the information contained in this report is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this report misleading.*

Chairman's Statement

During the financial year ended 31 March 2026, the global new energy industry expanded rapidly despite complex trade policies and geopolitical uncertainties. While tariff adjustments accelerated global supply chain reconfigurations, the global energy transition remained steadfast. In 2025, global renewable power capacity additions reached approximately 692 GW, with solar photovoltaic accounting for a record 511 GW. Against this backdrop, the Group proactively refined its strategic positioning to capture emerging opportunities.

BUSINESS REVIEW

Strategic expansion in Hong Kong

Our distributed photovoltaic projects in Hong Kong delivered strong operational performance. Following the acquisition of rooftop photovoltaic projects in the western New Territories in late 2024, these assets maintained seamless, stable grid-connected operations. Unlike the prior financial year which reflected partial operations (approximately 201,000 kWh), the year under review captured a full 12 months of operations with annual power generation reaching 545,000 kWh, securing a robust stream of recurring revenue. The Group expects these projects to maintain optimal efficiency and reliable returns in the future.

Beyond power generation, the Group successfully capitalized on its engineering capabilities in the local green mobility sector. On 10 December 2025, China Technology Industry Investment Limited, a wholly-owned subsidiary of the Company, entered into an Engineering, Procurement, and Construction ("**EPC**") contract with Ting & Hei Engineering Limited. Acting as the main contractor, the Group provides EPC services for the installation of electric vehicle charging facilities in Hong Kong, marking a milestone in diversifying our local infrastructure portfolio.

Concurrently, leveraging its established expertise, the Group secured an inspection and maintenance services contract on 31 October 2025. This project proceeded smoothly and contributed stable revenue of approximately RMB1.94 million to the Group during the financial year.

Operation and maintenance services

Securing long-term technical operation and maintenance portfolios remains a core asset-light strategy. On 25 June 2025, Shaanxi Baike New Energy Technology Development Co., Ltd.* (the "**Shaanxi Baike**"), an indirect wholly-owned subsidiary of the Company entered into a contract with an associated company for the provision of operation and maintenance services at a photovoltaic power station in Hebei Province for a term of three years. This transaction, constituting a continuing connected transaction for the Company, which was approved by our Independent Shareholders on 31 October 2025, reinforcing our service diversification.

To further scale up this segment, on 11 November 2025, Shaanxi Baike secured another three-year operation and maintenance service contract to provide operations, routine repairs, and maintenance management for Zhangbei Hengfeng 500MW photovoltaic power station in Hebei Province.

Sales of renewable energy products

On 5 February 2026, an indirect wholly-owned subsidiary of the Company entered into a new contract with an independent third party pursuant to which the subsidiary of the Company as the supplier, will procure wind turbine generator sets, towers, anchor bolts and related equipment for the construction of a 50 MW wind power generation system located at Huanghua City, Cangzhou, the PRC. This contract will signify the revitalisation of the sales of renewable energy products segment of the Group.

Chairman's Statement

PROSPECTS

Looking ahead to the coming financial year, the Group will remain focused on the following strategic directions:

Optimising Business Layout: Flexibly adjust production plans in response to market changes while exploring high-value-added new energy products.

Strengthening Collaboration: Work closely with partners across the value chain to collectively address industry challenges, including trade policy shifts and supply chain adjustments.

Since the suspension of trading in our shares on the Stock Exchange in April 2026, the Group has mobilized its resources to fulfill all necessary resumption conditions. This process runs parallel to our broader strategic goals: securing operational stability, optimizing our financial position, and reinforcing our internal governance frameworks. These collective efforts actively support the Group's compliance with Rule 17.26 of the GEM Listing Rules regarding sufficient operations and assets. The Board remains single-mindedly focused on taking swift, deliberate actions to restore trading and protect the long-term interests of our shareholders.

Although the road ahead remains uncertain, we maintain strong confidence in the long-term development of the new energy industry. The Group will uphold its prudent approach to operations, actively navigate challenges, seize opportunities, and deliver sustainable value for both our shareholders and society.

Finally, on behalf of the Board of Directors, I would like to express my sincere appreciation to our shareholders, customers, partners, and all employees. Together, let us advance resolutely and embrace a brighter tomorrow for clean energy!

China Technology Industry Group Limited

Huang Bo

Chairman

Hong Kong, 26 June 2026

Management Discussion and Analysis

BUSINESS REVIEW

During the reporting period, the Group sought to continue exploring new opportunities under the sales of renewable energy products business and new energy power system integration and sales of electricity business lines. The Group recorded a loss attributable to the owners of approximately RMB18.2 million for the year ended 31 March 2026 (2025: loss attributable to the owners of the Company RMB22.8 million).

Sales of renewable energy products

The business of sales of renewable energy products business mainly involves research, development and sales of photovoltaic mounting brackets, solar trackers, guardrails of solar power stations, solar power related products, and towers for wind turbines. In conjunction, the Group also provides, in some cases, (i) certain technology consultation services with respect to the photovoltaic mounting brackets that it sells (including photovoltaic mounting bracket design services), (ii) certain on-site services (including assisting customers on site with unloading goods, collecting products, stock-taking, final testing products before acceptance), and (iii) technical services for the wind turbine towers products (including technical advice, support and trainings).

There was no revenue generated from the sales of renewable energy products for the year ended 31 March 2026 (2025: nil).

New energy power system integration and sales of electricity business

During the reporting period, the Group made significant progress in expanding this business line:

Sales of electricity

Following the acquisition of solar panel power generation systems and related equipment in late 2024, the Group continued to operate rooftop solar panel power generation systems under Hong Kong's Feed-in Tariff (FiT) Scheme. This initiative generated stable recurring electricity sales revenue. As of 31 March 2026, the consolidated installed capacity under this portfolio maintained 554.72KW. During the reporting period, the Group reported revenue of approximately RMB2.0 million from sales of electricity business, representing significant increase of approximately 150.0% compared to RMB0.8million in 2025.

Inspection, Operation and Maintenance Services

As part of the Group's strategic efforts to diversify its revenue streams, the Group actively expanded its inspection, operation and maintenance service capabilities during the year.

On 25 June 2025 and 11 November 2025, Shaanxi Baike New Energy Technology Development Co., Ltd.* (陝西百科新能源科技發展有限公司) (the "**Shaanxi Baike**"), an indirect wholly-owned subsidiary of the Company, secured two separate three-year operation and maintenance services agreements for the provision of operation and maintenance services at the photovoltaic power station located in Chengde City and Zhangbei County, Hebei Province, PRC. Collectively, these agreements contributed approximately RMB5.8 million (2025: nil) to the Group's revenue during the reporting period.

Management Discussion and Analysis

Additionally, on 31 October 2025, China Technology Industry Investment Limited (“**CTIIL**”), a wholly-owned subsidiary of the Company, entered into an inspection and maintenance services agreement (the “**I&M Agreement**”) with Ngolam Technology Limited (“**Ngolam**”) pursuant to which CTIIL agreed to provide inspection, maintenance, repair, technical support, cleaning and other related services (the “**I&M Services**”) for the solar panel power generation equipment of the customers of Ngolam. During the reporting period, it generated revenue of approximately RMB1.9 million.

Engineering, Procurement and Construction Business

During the reporting period, the Group successfully broadened its strategic portfolio by formally establishing its Engineering, Procurement, and Construction (“**EPC**”) services in Hong Kong. This strategic expansion aligns with the Group’s existing new energy power system integration capabilities and capitalizes on the accelerating demand for electric vehicle (“**EV**”) charging infrastructure across Hong Kong.

Through its wholly-owned subsidiary, China Technology Industry Investment Limited (“**CTIIL**”), the Group secured and executed the EPC contracts with Ting & Hei Engineering Limited. These projects encompassed comprehensive design, engineering, and installation works for the construction of EV charging facilities in prime commercial and industrial districts, including Kwun Tong and Cheung Sha Wan.

Driven by these new initiatives, the Hong Kong EPC business successfully diversified the Group’s financial income base, contributing RMB5.9 million in revenue during the reporting period. The Board views this segment as a vital growth driver that strengthens our regional presence in the new energy ecosystem.

Management Discussion and Analysis

FINANCIAL REVIEW

Revenue and gross profit

The Group's revenue for the year ended 31 March 2026 increased significantly to approximately RMB15.6 million, compared to approximately RMB0.8 million in 2025. This growth was primarily driven by the successful diversification of the Group's business into inspection, operation and maintenance services and Engineering, Procurement, and Construction services.

The following table sets forth the breakdown of the Group's revenue by business segment:

	Year ended 31 March	
	2026 RMB'000	2025 RMB'000
Revenue		
Sales of renewable energy products	–	–
New Energy power system integration		
– Sales of electricity business	1,989	804
– Inspection, operation and maintenance services	7,761	–
– EPC service	5,935	–
	15,685	804

The Group's gross profit margin was 27.9% for the year ended 31 March 2026, as compared with 30.3% for the year ended 31 March 2025.

Administrative expenses

Administrative expenses decreased by approximately RMB1.2 million, or 6.9% from approximately RMB17.3 million for the year ended 31 March 2025 to approximately RMB16.1 million for the year ended 31 March 2026 which was primarily attributable to the Company's effective cost control measures implemented during business exploration, which optimized operational efficiency through careful management of discretionary expenditures.

Management Discussion and Analysis

LIQUIDITY AND FINANCIAL RESOURCES

During the year ended 31 March 2026, the Group primarily sourced its funding from cash generated from operating activities and other borrowings. As at 31 March 2026, the Group had bank balances and cash amounting to a total of approximately RMB3.6 million (2025: approximately RMB6.6 million) and had no outstanding bank overdraft as at 31 March 2026 (31 March 2025: Nil).

As at 31 March 2026, the Group had other loans amounting to (i) approximately RMB30.6 million (2025: RMB29.4 million) that was due to executive Directors, Mr. Tse Man Kit Keith and Mr. Huang Yuanming, which was interest bearing at 12% per annum, unsecured and repayable on or before 31 March 2029; (ii) approximately RMB18.9 million (2025: RMB10.4 million) that were due to executive Directors Mr. Huang Bo and Mr. Tse Man Kit Keith, which were unsecured, non-interest bearing and repayable more than twelve months from 31 March 2026; and (iii) approximately RMB0.1 million (2025: RMB0.1 million) that was due to an executive director Mr. Huang Bo, which was unsecured, non-interest bearing and repayable on or before 19 November 2026; and (iv) approximately RMB12.9 million (2025: approximately RMB12.8 million) that was due to a former executive Director, Mr. Chiu Tung Ping, which was unsecured, non-interest bearing and repayable on or before 30 September 2025.

The Group's current ratio (current assets over current liabilities) decreased from 1.3 as at 31 March 2025 to 1.1 as at 31 March 2026. The gearing ratio (total liabilities over total assets) of the Group increased from 76.6% as at 31 March 2025 to 90.6% as at 31 March 2026.

The Group did not use any financial instrument for hedging purpose during the year ended 31 March 2026, and did not have any outstanding hedging instrument as at 31 March 2026.

CHARGES ON ASSETS

As of 31 March 2026, the Group did not pledge any asset to secure borrowings granted to the Group.

CONTINGENT LIABILITIES

During the year ended 31 March 2026, an ex-employee of the Company, whose employment was already terminated in June 2021, commenced a Labour Tribunal action against the Company on 26 November 2025 for alleged unpaid wages. The Company filed statements to support its defence on 26 January 2026 and 13 March 2026, and attended call over and mention hearings on 3 February 2026 and 7 May 2026 respectively. A trial is fixed for 6 to 7 July 2026. Having reviewed the outstanding claims and taking into account the legal advice received, the Directors are of the opinion that such claim was unfounded and would not have any material adverse effect on the financial position of the Group, and no provisions have been made in the consolidated financial statements in respect thereof.

Save as disclosed above, as at 31 March 2026, the Group did not have any significant contingent liabilities.

FUTURE PLANS FOR MATERIAL INVESTMENTS OR CAPITAL ASSETS

Save for disclosed elsewhere in this report, the Group does not have other plans for material investments and capital assets as at the date of this report.

Management Discussion and Analysis

EXPOSURE TO FOREIGN EXCHANGE RISK

Most of the transactions, income and expenditure of the Group are denominated in Renminbi. The Group may be exposed to foreign currency risks such as the PRC's government control on foreign currency conversion. During the year ended 31 March 2026, the Group did not have a foreign currency hedging policy. However, the management will closely monitor the Group's exposure to foreign exchange risks and will consider hedging significant foreign currency should the need arise.

SIGNIFICANT INVESTMENTS HELD AND MATERIAL ACQUISITIONS AND DISPOSALS OF SUBSIDIARIES

There were no significant investments or material acquisition or disposal of subsidiaries by the Group during the year ended 31 March 2026.

HUMAN RESOURCES

As at 31 March 2026, the Group employed 13 and 20 staff in Hong Kong and the PRC respectively (31 March 2025: 10 in Hong Kong and 19 in the PRC). The Group has developed its human resources policies and procedures based on performance and merit. The Group ensures that the pay levels of its employees are competitive and employees are rewarded on a performance-related basis within the general framework of the Group's salary and bonus system. Employee trainings are also provided as and when required. We actively promote on-the-job training at all levels of employees, who are recommended to participate in various training courses, forums and seminars, with an aim to enhance their knowledge and working skills, which in turn they can create competitive advantages together with the Group. We provide external training and updated Directors' training webcasts published by the Stock Exchange to our employees.

The remuneration of the Directors was determined by the Board with reference to the prevailing market rates, roles and responsibilities of the Directors. Share options may be granted to Directors and employees of the Group to subscribe for shares of the Company. Particulars of the Share Option Scheme are set out in the section "Report of the Directors" of this annual report.

EVENTS OCCURRED DURING THE YEAR UNDER REVIEW

I. Operation and Maintenance Contracts

On 25 June 2025, Shaanxi Baike, an indirect wholly-owned subsidiary of the Company entered into the Operation and Maintenance Services Contract with Hebei Fengbei New Energy Co., Ltd.* (河北豐北新能源有限公司) ("**Hebei Fengbei**") for the provision of the Operation and Maintenance Services by Shaanxi Baike at the photovoltaic power station of Hebei Fengbei at Xiaotangtaigou, Wanshengyong Township, Fengning County, Chengde City, Hebei Province for a term of three years from 1 July 2025 to 30 June 2028. The provision of the Operation and Maintenance Services by the Group represents a source of revenue for the Group in the coming years, and another example of the Group's ongoing efforts to increase its revenue sources. The transaction was approved by independent shareholders on 31 October 2025.

For further details, please refer to the announcement of the Company dated 25 June 2025, 26 June 2025, 17 July 2025, 1 August 2025, 22 August 2025, 12 September 2025, 30 September 2025, 10 October 2025 and 31 October 2025.

Management Discussion and Analysis

On 11 November 2025, Shaanxi Baike, a wholly owned subsidiary of the Company, entered into an operation and maintenance services agreement with Zhangbei Hengfeng New Energy Company Limited* (張北恆豐新能源有限公司) (“**Zhangbei Hengfeng**”) pursuant to which Shaanxi Baike agreed to provide operation, maintenance and management services for a 500 megawatts photovoltaic power station situated at Hailiutu Township, Zhangbei County, Zhangjiakou City, Hebei Province, PRC owned by Zhangbei Hengfeng.

For further details, please refer to the announcement of the Company dated 11 November 2025.

II. *Inspection and Maintenance Contracts*

On 31 October 2025, China Technology Industry Investment Limited (“**CTIIL**”) entered into an inspection and maintenance services agreement with Ngolam Technology Limited (“**Ngolam**”) pursuant to which CTIIL agreed to provide inspection, maintenance, repair, technical support, cleaning and other related services for the solar panel power generation equipment of the customers of Ngolam.

For further details, please refer to the announcement of the Company dated 31 October 2025.

III. *EPC Contracts*

On 24 November 2025 and 10 December 2025, CTIIL entered into a total of three EPC contracts with Ting & Hei Engineering Limited, with aggregate contract price of HK\$10.5 million. Pursuant to these contracts, CTIIL, as the contractor, will provide EPC services to Ting & Hei for the construction of electric vehicle charging facilities located at Kwun Tong and Cheung Sha Wan, Hong Kong.

For further details, please refer to the announcement of the Company dated 24 November 2025 and 10 December 2025.

IV. *Sales of renewable products*

On 5 February 2026, Hebei Fengchuang New Energy Technology Company Limited* (河北風創新能源科技有限公司) (“**Hebei Fengchuang**”) entered into a contract with Yiruyuan (Hebei) Construction Engineering Company Limited (“**Yiruyuan**”) pursuant to which Hebei Fengchuang, as the supplier, will procure wind turbine generator sets, towers, anchor bolts and related equipment for Yiruyuan for the construction of a 50MW wind power generation system located at Huanghua City, Cangzhou, the PRC. The total contract sum under the contract is RMB118,335,000 (inclusive of tax).

For further details, please refer to the announcement of the Company dated 5 February 2026.

SIGNIFICANT EVENTS OCCURRING AFTER THE YEAR UNDER REVIEW

Save as disclosed in this report, the Company is not aware of any material subsequent events after 31 March 2026 and up to the date of this report.

Corporate Governance Report

(1) CORPORATE GOVERNANCE PRACTICES

The Board and the senior management of the Company are committed to the principles of good corporate governance and have dedicated significant efforts to provide transparency, accountability and independence of their corporate governance practices. During the year ended 31 March 2026 (“**Review Period**”), the Company has applied the principles in the Corporate Governance Code (“**CG Code**”) as contained in Appendix C1 to the GEM Listing Rules to its corporate governance structure and practices in the manner as described in this corporate governance report.

During the Review Period, the Company has complied with all the code provisions set out in the CG Code, except for the deviation from code provision C.1.7 as explained below.

Pursuant to code provision C.1.7 of the CG Code, the Company should arrange appropriate insurance cover in respect of legal action against its directors.

As the Company was in the course of identifying a suitable insurance cover at reasonable commercial terms and conditions, it has not arranged appropriate insurance cover in respect of legal action against its Directors for the period from 21 February 2026. The management of the Company is continuously and actively seeking suitable insurance coverage that aligns with reasonable commercial terms and conditions to reinstate compliance as soon as practicable.

(2) BOARD OF DIRECTORS

The Board is accountable to the Shareholders for the activities and performance of the Group and for the preparation of financial statements which give a true and fair view. It oversees the Group’s overall strategic plans, reviews the financial performance, supervises the management of the business and affairs and approves the strategic plans. The Board delegates corporate matters to the management of the Group under the leadership of the Chief Executive Officer, including preparation of annual, interim and quarterly accounts, execution of business strategies adopted by the Board, implementation of risk management and internal control systems and compliance with relevant statutory requirements, rules and regulations. The management is required to present an annual budget and proposals for major investment, acquisitions of capital assets and change in business strategies for the Board’s approval. The delegated functions and work tasks are periodically reviewed by the Board after being reported on by management.

The Board has established the Group's purpose, values and strategy, and has satisfied itself that the Group's culture is aligned. Acting with integrity and leading by example, the Directors promote the desired culture to instill and continually reinforce across the Group the values of acting lawfully, ethically and responsibly, in order to facilitate the long-term sustainability of the Group. The Group has adopted anti-corruption policy and whistle-blowing policy to provide forums for reporting issues and concerns on any misconduct, and to uphold business integrity in its operations.

Corporate Governance Report

Change in information of Directors pursuant to Rule 17.50A(1) of GEM Listing Rule

Pursuant to Rule 17.50A(1) of the GEM Listing Rules, the Company was informed that Mr. Tse Man Kit, Keith, an executive Director of the Company, was appointed as an independent non-executive director of China High Speed Transmission Equipment Group Co., Ltd. (HKEX Stock Code: 658) with effect from 16 January 2026.

Board composition

The Board currently comprises eight Directors, including five executive Directors and three independent non-executive Directors. The Directors who served the Board during the Review Period and changes in Directors up to the date of this annual report are as follows:

Executive Directors:

Mr. Huang Bo (*Chairman*)
Mr. Huang Yuanming
Ms. Zhang Jinhua
Mr. Tse Man Kit, Keith (*Chief Executive Officer*)
Ms. Hu Xin

Independent non-executive Directors:

Mr. Cheung Ting Kin
Ms. Ma Xingqin
Mr. Qiao Wencai

Directors' biographical details are set out under the section headed "Biographies Details of the Directors and the Senior Management of the Group" in this annual report on pages 35 to 38.

According to the articles of association of the Company ("**Articles**"), at every annual general meeting of the Company, one-third of all the Directors including the independent non-executive directors shall retire from office by rotation provided that every Director, including those appointed for a specified term, shall be subject to retirement by rotation at least once every three years. A retiring Director shall retain office until the close of the meeting at which he retires and shall be eligible for re-election thereat. Moreover, any Director appointed by the Board to fill a casual vacancy or as an additional Director shall hold office only until the first annual general meeting of the Company after his appointment and shall then be eligible for re-election at the meeting but shall not be taken into account in determining the Directors or the number of Directors who are to retire by rotation at such meeting.

Directors to be appointed will receive a formal letter of appointment setting out the key terms and conditions of their appointment. All Directors have given sufficient time and attention to the affairs of the Group. Each executive Director has sufficient experience to hold the position so as to carry out his duties effectively and efficiently.

Mr. Huang Bo, an executive Director and the Chairman, is the father of Mr. Huang Yuanming, an executive Director.

Corporate Governance Report

Board meeting

The Board meets at least four times a year to review the financial and operating performance of the Group and discuss the Group's direction and strategy. Directors are given notice of regular Board meetings of at least 14 days in advance. Agenda and Board papers together with all appropriate information are sent to all Directors at least three days before each Board meeting or committee meeting so as to ensure that there is timely access to relevant information.

Details of the attendance of meetings of the Board held during the Review Period set out under the section headed "Attendance Record of Directors and Committee Members" in this annual report on page 19.

The Company Secretary is responsible to assist to take and keep minutes of all Board meetings and Board committee meetings, which record in sufficient detail the matters considered by the Board and decisions reached, including any concerns raised by Directors or dissenting views expressed. At Board meetings, all Directors have ample opportunities to express their respective views, voice any concerns and discuss the matters under consideration, and the results of voting at Board meetings fairly reflects the consensus of the Board. Draft minutes are normally circulated to Directors for comment within a reasonable time after each meeting and the final version is open for Directors' inspection. Directors are entitled to have access to board papers and queries will be responded fully. According to the current practice, any material transaction, which involves a conflict of interests for a substantial shareholder or a Director, will be considered and dealt with by the Board at a duly convened Board meeting. Such Director must abstain from voting and will not be counted as quorum.

(3) THE FOUR COMMITTEES OF THE BOARD

The Company implements specific terms of reference for the audit committee, remuneration committee, nomination committee and corporate governance committee of the Board, whereby the powers and responsibilities of each committee are clearly defined. The Board committees are provided with sufficient resources to discharge their duties and, upon reasonable request, are able to seek independent professional advice in appropriate circumstances, at the Company's expenses. These Board committees will report back to the Board on their decisions or recommendations.

(a) Audit Committee

The Company established an audit committee ("**Audit Committee**") on 13 December 2000 with written terms of reference (revised in December 2018) made in accordance with Rules 5.28 to 5.33 of the GEM Listing Rules and posted on the websites of the Company and the Stock Exchange. As of 31 March 2026, the Audit Committee comprises three independent non-executive Directors, namely, (i) Mr. Cheung Ting Kin; (ii) Ms. Ma Xingqin; and (iii) Mr. Qiao Wencai, with Mr. Cheung Ting Kin acting as the chairman of the Audit Committee.

The Audit Committee's principal duties are to review and supervise the financial reporting process and internal control procedures of the Group.

The Audit Committee meets at least four times a year to review with Company's senior management and at least twice a year with the Company's auditors for the Company's audit findings, accounting policies and standards, changes of accounting rules (if any), compliance with the GEM Listing Rules, internal and audit control and budget and cash flow forecast.

Corporate Governance Report

During the Review Period, the Audit Committee held four meetings. The Group's unaudited interim results and audited annual results during the Review Period have been reviewed by the Audit Committee and the Audit Committee was of the opinion that such statements comply with the applicable accounting standards and that adequate disclosures have been made. The Directors were not aware of any material uncertainties relating to events or conditions that may cast significant doubt of the Company's ability to continue as a going concern during the Review Period. There is no disagreement between the Board and the Audit Committee regarding the selection, appointment, resignation or dismissal of the external auditor.

The Audit Committee also reviewed the effectiveness of the Group's risk management and internal control systems during the Review Period as set out in the paragraphs headed "Risk Management and Internal Control" below. The Company did not have an internal audit function during the Review Period.

(b) Remuneration Committee

The remuneration committee of the Board ("**Remuneration Committee**") was established in June 2005.

The Remuneration Committee was established with specific written terms of reference which deal clearly with its authorities and duties. The terms of reference (revised in March 2012) followed the requirements of code provision E.1.2 of the CG Code and was posted on the websites of the Company and the Stock Exchange. As of 31 March 2026, the Remuneration Committee comprises three independent non-executive Directors, namely, (i) Mr. Qiao Wencai; (ii) Mr. Cheung Ting Kin; and (iii) Ms. Ma Xingqin, with Mr. Qiao Wencai acting as the chairman of the Remuneration Committee.

The Remuneration Committee is primarily responsible for making recommendations to the Board on the Company's policy and structure for all Directors and senior management's remuneration.

During the Review Period, the Remuneration Committee held two meetings to review the remuneration packages of the Directors and senior management and review and approve the grant of the share option.

The policies for the remuneration of the Directors are:

- to ensure that none of the Directors should determine his/her own remuneration;
- the remuneration should be broadly aligned with companies with which the Company competes for human resources;
- the Group should aim to attract and retain executives and to motivate them to pursue appropriate growth strategies while taking into account individual performance; and
- the remuneration should reflect the performance, complexity of duties and responsibilities of the individual Director.

Corporate Governance Report

(c) *Nomination Committee*

A nomination committee of the Board ("**Nomination Committee**") has been established with effect from 28 March 2012, with written terms of reference (revised in December 2018) following the requirements of code provision B.3.1 of the CG Code and posted on the websites of the Company and the Stock Exchange. The Procedures for Nomination of Directors adopted by the Nomination Committee can be found on the website of the Company. As of 31 March 2026, the Nomination Committee comprises three independent non-executive Directors, namely, (i) Ms. Ma Xingqin; (ii) Mr. Cheung Ting Kin; and (iii) Mr. Qiao Wencai, with Ms. Ma Xingqin acting as the chairman of the Nomination Committee.

The Nomination Committee is responsible for considering suitable candidates to serve as Directors and making recommendations on the appointment and termination of service of Directors. During the Review Period, the Nomination Committee's nomination policy was to select and nominate candidates based on whether they possess the skills and experience required by the Group's development.

The Nomination Committee developed measurable objectives to implement the board diversity policy ("**Board Diversity Policy**"), where selection of candidates will be based on a range of diversity perspectives as set out above and the ultimate decision will be based on merit and contribution that the selected candidates could bring to the Board. Pursuant to the Articles, one-third of all the Directors including independent non-executive Directors shall retire from office by rotation at the upcoming annual general meeting and being eligible, will offer themselves for re-election. The Nomination Committee, when making recommendations on the re-appointment of these Directors, has considered and taken into account the objectives set out in the Board Diversity Policy. The Nomination Committee is of the opinion that a balanced diversity of the Board has been achieved.

During the Review Period, the Nomination Committee held one meeting to review the structure, size and composition of the Board and assess the independence of independent non-executive Directors. As at the date of this report, the Company has a Board and the Nomination Committee consisting of at least one director of a different gender, in accordance with the CG code.

Corporate Governance Report

(d) *Corporate Governance Committee*

A corporate governance committee of the Board ("**Corporate Governance Committee**") has been established with effect from 28 March 2012 with written terms of reference following code provision A.2.1 of the CG Code and posted on the websites of the Company and the Stock Exchange.

As of 31 March 2026, the Corporate Governance Committee comprised five executive Directors, namely (i) Tse Man Kit, Keith; (ii) Huang Bo; (iii) Huang Yuanming; (iv) Zhang Jinhua; and (v) Hu Xin, with Mr. Tse Man Kit Keith acting as the chairman of the Corporate Governance Committee.

The primary duties of the Corporate Governance Committee are, among other things, to develop and review the Company's policies and practices on corporate governance and make recommendations to the Board and to review and monitor the Company's policies and practices on compliance with legal and regulatory requirements.

During the Review Period, the Corporate Governance Committee held one meeting and performed the following duties:

- reviewed the Company's policies and practices on corporate governance and made recommendations on changes and updates to the Board for approval;
- reviewed and monitored the training and continuous professional development of Directors and senior management;
- reviewed and monitored the Company's policies and practices on compliance with legal and regulatory requirements;
- reviewed and monitored the code of conduct applicable to employees and Directors;
- reviewed the Company's compliance with the CG Code and disclosure in this corporate governance report;
- reviewed the terms of reference of the Corporate Governance Committee; and
- such other corporate governance duties and functions set out in the CG Code (as amended from time to time) for which the Board is responsible.

Corporate Governance Report

Attendance record of directors and committee members

During the Review Period, 7 Board meetings (including a meeting only between the Chairman and the independent non-executive Directors without presence of the executive Directors) were held. The attendance record of each Director and Board committee members at the Board meetings and the general meetings of the Company held during the Review Period is set out in the table below:

Names of Directors	Board Meeting	Audit Committee	Remuneration Committee	Nomination Committee	Corporate Governance Committee	Annual General Meeting	Extraordinary General Meeting
Executive Directors:							
Mr. Huang Bo (<i>Chairman</i>)	7/7	–	–	–	1/1	1/1	1/1
Mr. Huang Yuanming	7/7	–	–	–	1/1	1/1	1/1
Ms. Zhang Jinhua	7/7	–	–	–	1/1	1/1	1/1
Mr. Tse Man Kit, Keith (<i>Chief Executive Officer</i>)	7/7	–	–	–	1/1	1/1	1/1
Ms. Hu Xin	7/7	–	–	–	1/1	1/1	1/1
Independent non-executive Directors:							
Mr. Cheung Ting Kin	7/7	4/4	2/2	2/2	–	1/1	1/1
Ms. Ma Xingqin	7/7	4/4	2/2	2/2	–	1/1	1/1
Mr. Qiao Wencai	7/7	4/4	2/2	2/2	–	1/1	1/1

Apart from regular Board meetings, the Chairman also held meetings with the independent non-executive Directors without the presence of executive Directors during the Review Period.

Corporate Governance Report

(4) CHAIRMAN AND CHIEF EXECUTIVE OFFICER

The positions of the Chairman and Chief Executive Officer are held by Mr. Huang Bo and Mr. Tse Man Kit, Keith, respectively. The roles of the Chairman and Chief Executive Officer are held by separate individuals to ensure independence and a balanced perspective in decision-making.

The Chairman provides strategic leadership to the Company and the Board, overseeing its effective functioning in line with sound corporate governance principles. Chief Executive Officer has delegated power to manage the Company and to oversee the business activities of the Company.

This separation of duties enhances governance, accountability, and the overall effectiveness of the Company's leadership structure.

The Chairman is primarily responsible for ensuring good corporate governance practices and procedures are established. He encourages all Directors to make full and active contribution to the Board's affairs and take the lead to ensure that it acts in the best interests of the Company. He ensures that appropriate steps are taken to provide effective communication with shareholders and their views are communicated to the Board as a whole. With the support of the management, the Chairman is also responsible for ensuring that the Directors receive adequate information (whether from senior management or otherwise) in a timely manner, which is accurate, clear, complete and reliable, and appropriate briefing on issues arising at Board meetings as well as to ensure constructive relations between the executive and non-executive Directors.

(5) DIRECTORS AND AUDITORS' RESPONSIBILITIES ON THE FINANCIAL STATEMENTS

The Board is responsible for overseeing the preparation of financial statements on a going concern basis, with supporting assumptions or qualifications as necessary, for each financial period with a view to ensuring that such financial statements give a true and fair view of the financial position of the Group and of its financial performance and cash flow for the financial year. Management of the Company has provided such explanation and information to the Board to enable the Board to make an informed assessment of the financial and other information put before the Board for approval. Further, management of the Company has provided monthly updates to the Board which gives a balanced and understandable assessment of the Company's performance, position and prospects in sufficient detail to enable the Board as a whole and each Director to discharge their duties. The Group's consolidated financial statements are prepared in accordance with the GEM Listing Rules, the disclosure requirements of the Hong Kong Companies Ordinance, all relevant statutory requirements and applicable accounting standards. The Group has selected appropriate accounting policies and has applied them consistently based on prudent and reasonable judgements and estimates. The Directors endeavour to ensure a balanced, clear and understandable assessment of the Group's position and prospect in the annual reports, interim reports, price-sensitive announcements and other disclosures required under the GEM Listing Rules and other regulatory requirements. The Directors acknowledged their responsibilities for preparing the financial statements of the Group in accordance with the statutory requirements and accounting standards and other financial disclosure requirements under the GEM Listing Rules and applicable standards. The Directors also acknowledged their responsibilities to ensure that the financial statements of the Group are published in a timely manner as required by the GEM Listing Rules.

The external auditors' statement about reporting responsibility is set out on pages 53 to 55.

Corporate Governance Report

(6) TRAINING FOR DIRECTORS

Directors keep abreast of responsibilities as a Director of the Company and of the conduct, business activities and development of the Company.

Each newly appointed Director will receive comprehensive, formal and tailored induction on his/her appointment, so as to ensure that he/she has appropriate understanding of the business and operations of the Group and that he/she is fully aware of his/her responsibilities and obligations under the GEM Listing Rules and relevant regulatory requirements. There are also arrangements in place for providing continuing briefing and professional development to the Directors at the Company's expenses whenever necessary.

The Company provides regular updates and presentations on changes and developments relating to the Group's business and the legislative and regulatory environment to the Directors at Board meetings or through emails.

The Directors are committed to complying with code provision C.1.4 of the CG Code on Directors' training. All Directors have participated in continuous professional development to develop and refresh their knowledge and skills and provided a record of training they received during the Review Period to the Company.

During the Review Period, the Directors had participated the trainings through (i) attending training sessions, but not limited to, seminars, conference and forums; (ii) reading journals and announcements; and (iii) viewing training webcasts as follows:

Names of Directors	Topics of trainings
Executive Directors:	
Mr. Huang Bo	A, B, C, D
Mr. Huang Yuanming	A, B, C, D
Ms. Zhang Jinhua	A, B, C, D
Mr. Tse Man Kit, Keith	A, B, C, D
Ms. Hu Xin	A, B, C, D
Independent non-executive Directors:	
Mr. Cheung Ting Kin	A, B, C, D
Ms. Ma Xingqin	A, B, C, D
Mr. Qiao Wencai	A, B, C, D

- A: Anti-corruption
B: Regulatory Announcements issued by HKEX
C: Listing Rules
D: Corporate governance

Corporate Governance Report

(7) INDEPENDENT NON-EXECUTIVE DIRECTORS

The Company's independent non-executive Directors are appointed for a continuous term unless terminated by not less than one month's notice in writing served by either party on the other and are subject to retirement by rotation and re-election in accordance with the Articles and the GEM Listing Rules.

The independent non-executive Directors have well-balanced expertise in corporate finance, accounting, legal and business matters. They bring independent and invaluable advice and judgement on the Group's business expansion and risk management issues. Through active participation in Board meetings, taking the lead in managing issues involving potential conflict of interests and serving on Board committees, all independent non-executive Directors will scrutinise the performance of the Company in achieving corporate goals and objectives and monitor performance reporting. By doing so, they are able to contribute positively to the Company's strategy and policies through independent, constructive and informed comments at Board and committee meetings.

All the Directors, including the independent non-executive Directors, are given equal opportunity and channels to communicate and express their views to the Board and have separate and independent access to the management of the Group in order to make informed decisions. The chairman of the Board will hold meetings with the independent non-executive Directors without the involvement of other Directors at least annually to discuss any issues and concerns.

According to code provision B.2.3 of the CG Code, if an independent non-executive director has served more than nine years, such director's further appointment should be subject to a separate resolution to be approved by the Shareholders. Ms. Ma Xingqin has been appointed as an independent non-executive Director for 9 years, while two independent non-executive Directors (being Mr. Cheung Ting Kin and Mr. Qiao Wencai) have been appointed as independent non-executive Director for 1 year. The Company has received the annual confirmations of independence from each of the independent non-executive Directors pursuant to Rule 5.09 of the GEM Listing Rules and all independent non-executive Directors are considered to be independent. Taking into consideration of one independent non-executive Director's independent scope of work in the past years, the Board considers her to be independent under the GEM Listing Rules despite the fact that she has served the Company for 9 years. The independent non-executive Director has confirmed that she will continue to devote sufficient time for the discharge of her functions and responsibilities as independent non-executive Director. With her background, the independent non-executive Director is fully aware of the responsibilities and expected amount of time dedicated to the Company. Based on the foregoing, the Board believes that her position outside the Company will not affect them in maintaining her current roles in, and her functions and responsibilities for the Company. The Board also believes that her continued tenure will bring considerable stability to the Board and the Board has benefited greatly from the presence of her who have over time gained valuable insight of the Group.

Corporate Governance Report

(8) COMPANY SECRETARY

Ms. Chu Hoi Ying was appointed as the Company Secretary and the Authorised Representative on 15 March 2024 and she reports to the Board. All Directors have full and timely access to the Company Secretary for professional advice and services. The Company Secretary supports the Board, ensures good information flow within the Board and that Board policies and procedures are followed; advises the Board on governance matters, facilitates induction and monitors the training and continuous professional development of the Directors. The Company Secretary has attended not less than 15 hours of relevant professional training in compliance with the Rule 5.15 of the GEM Listing Rules during the Review Period. As at 31 March 2025, Ms. Chu Hoi Ying is interested in 1,000,003 shares of the Company, representing approximately 0.22% of the issued share capital of the Company. Biography of the Company Secretary is set out in the paragraphs headed "Biographical Details of the Directors and the Senior Management of the Group" in the "Report of the Directors" of this annual report.

(9) COMPLIANCE OF CODE OF CONDUCT REGARDING DIRECTORS' SECURITIES TRANSACTION

The Company has adopted a code of conduct regarding Directors' securities transactions on terms no less exacting than the required standard of dealings set out in Rules 5.48 to 5.67 of the GEM Listing Rules. Having made specific enquiry of all Directors, all Directors have complied with the required standard of dealings and the code of conduct regarding Directors' securities transactions adopted by the Company throughout the Review Period. The Company has adopted the same code of conduct regarding securities transactions for its employees and for directors or employees of its subsidiaries and holding companies who are likely to be in possession of unpublished price-sensitive information of the Company or its securities. No incident of non-compliance of the code of conduct regarding securities transactions by employees was noted by the Company.

(10) AUDITORS' REMUNERATION

ZSZH (HK) Fuson CPA Limited is the external auditor of the Company. The Audit Committee is responsible for making recommendation to the Board on the appointment, reappointment and removal of the external auditor, which is subject to the approval by the Board and at the general meetings of the Company by its shareholders.

The fees paid/payable to the Company's external auditors in respect of audit services and non-audit services rendered for the Review Period are as follows:

Nature of Services	Amount (HK\$)
Audit services	890,000
Non-audit services	50,000
Total	940,000

Corporate Governance Report

(11) RISK MANAGEMENT AND INTERNAL CONTROL

The Board is responsible for maintaining sound and effective risk management and internal control systems in order to safeguard the Group's assets and Shareholders' interests. It reviews and monitors the effectiveness of the Group's risk management and internal control systems annually so as to ensure that the risk management and internal control systems in place are adequate. The purpose is to provide reasonable, but not absolute, assurance against material misstatements, errors, losses or fraud, and to manage rather than eliminate risks of failure in achieving the Group's business objectives.

The management of the Group has established the Group's risk management and internal control policies and guidance for implementing the risk management and internal control systems of the Group.

The Board has delegated to the management the implementation of such systems of risk management and internal control and to the Audit Committee the review of relevant financial, operational and compliance controls and risk management procedures and their effectiveness by conducting a review at least once a year. When carrying out the review on the risk management and internal control procedures, the Board had taken into consideration the adequacy of resources for accounting, internal audit and financial reporting, the qualifications and experience of the staff, trainings to be provided to the staff and the relevant budget as well as those relating to the Company's ESG performance and reporting. Several areas have also been considered during the Board's reviews, which include but not limited to (i) the changes in the nature and extent of significant risks (including ESG risks) since the last annual review, and the Group's ability to respond to changes in its business and the external environment; and (ii) the scope and quality of management's ongoing monitoring of risks and of the internal control systems. When identifying risks, the management will communicate with different operational departments and collect information of significant risk factors. Upon specifying areas of risk assessment, the management will evaluate the importance of risks based on their potential impact and the possibility of occurrence and set up internal control measures to mitigate the risks. Ongoing monitoring and reporting of any change of risks will also be conducted.

To ensure the independency of the review, the Group has outsourced its internal audit function to an internal control adviser (hereafter referred as "**IC Adviser**"). The responsibilities of the IC Adviser include assisting the management to carry out an annual review on the effectiveness of the risk management and internal control systems. For the Review Period, the review conducted by the IC Adviser covers the period from 1 April 2024 to 31 March 2025 and is based on the risk assessment. The IC Adviser had reported to the Audit Committee regarding the key findings in respect of the Group's internal control and risk management and discussed findings and actions or measures taken in addressing those findings. No major deficiencies on the Group's risk management and internal control systems have been identified during the Review Period. For other non-major internal control findings, the management has instructed relevant departments to formulate corrective actions and improvement plans for remediation.

Save as disclosed above, for the Review Period, the Audit Committee was satisfied that:

- the risk management and internal control and accounting systems of the Group provided reasonable assurance that material assets were protected, business risks attributable to the Group were identified and monitored, material transactions were executed in accordance with management's authorisation and the accounts were reliable for publication; and
- there was an ongoing process in place for identifying, evaluating and managing the significant risks faced by the Group.

Corporate Governance Report

Save as disclosed above, based on the assessment and review conducted by the IC Adviser and the Audit Committee, the Board considered the risk management and internal control systems of the Group as effective and adequate during the Review Period.

In order to enhance the Group's system of handling inside information, and to ensure the truthfulness, accuracy, completeness and timeliness of its public disclosures, the Group also adopts and implements an inside information policy and procedures. Certain reasonable measures have been taken from time to time to ensure that proper safeguards exist to prevent a breach of a disclosure requirement in relation to the Group, which include:

- The access of information is restricted to a limited number of employees on a need-to-know basis. Employees who are in possession of inside information are fully conversant with their obligations to preserve confidentiality.
- Confidentiality agreements are in place when the Group enters into significant negotiations.
- The Executive Directors are designated persons who speak on behalf of the Company when communicating with external parties such as the media, analysts or investors.

(12) DIRECTORS' AND OFFICERS' LIABILITIES INSURANCE

Code provision C.1.7 of the CG Code provides that appropriate insurance cover in respect of legal action against directors should be arranged. Subsequent to the expiry of the insurance on 21 February 2026, the Company did not have insurance cover for legal action against the Directors. However, pursuant to the Company's articles of association, the Directors shall be indemnified and secured harmless out of the assets and profits of the Company from and against all actions, costs, charges, losses, damages and expenses which they or any of them shall or may incur or sustain by or by reason of any act done, concurred in or omitted in or about the execution of their duty, or supposed duty, in their respective offices. In view of the above, the Board considers that the Directors' exposure to litigation risk is manageable even if there is no insurance cover for legal action against the Directors. The management of the Company is continuously and actively seeking suitable insurance coverage that aligns with reasonable commercial terms and conditions to reinstate compliance with Code provision C.1.7 as soon as practicable.

(13) CONSTITUTIONAL DOCUMENTS

There was no change to the Company's memorandum and articles of association ("**Articles**") during the Review Period. A copy of the latest consolidated version of the Articles is posted on the websites of the Company and the Stock Exchange.

(14) COMMUNICATION WITH SHAREHOLDERS AND INVESTOR RELATIONS

The Company has adopted a shareholders' communication policy with the objective to ensure that the shareholders and potential investors of the Company are provided with ready, equal and timely access to balanced and understandable information about the Company.

The Company has established a number of channels to communicate with the Shareholders as follows:

- (i) corporate communications such as annual reports, interim reports and circulars, which are issued in printed form and are available on the Stock Exchange website at www.hkexnews.hk and the Company's website at www.chinatechindgroup.com;
- (ii) periodic announcements published on the respective websites of the Stock Exchange and the Company;

Corporate Governance Report

- (iii) corporate information is made available on the Company's website;
- (iv) annual and extraordinary general meetings provide a forum for the Shareholders to make comments and exchange views with the Directors and senior management; and
- (v) the Hong Kong branch share registrar and transfer office of the Company serves the Shareholders in respect of share registration, dividend payment and related matters.

The Company keeps on promoting investor relations and enhancing communication with its Shareholders and potential investors. It welcomes suggestions from investors, stakeholders and the public. Enquiries to the Board or the Company may be sent by post to the Company's principal place of business in Hong Kong.

Shareholders' comments and suggestions as well as any proposals put forward to general meetings of the Company at a reasonable time are welcome and such comments and proposals can be sent in writing to the Company Secretary at the Company's principal place of business in Hong Kong. The Board endeavors to answer all valuable questions from the Shareholders. In particular, the Chairman of the Board as well as chairmen of the Remuneration Committee, Nomination Committee and Audit Committee, or in their absence, other members of the respective committees, and where applicable, the independent Board committee, are available to answer questions at the annual general meetings. The Company will also arrange for the external auditor to attend the annual general meetings to answer relevant questions if necessary.

(15) SHAREHOLDERS' RIGHTS

In accordance with Article 64 of the Articles, one or more Shareholders holding, at the date of deposit of the requisition, not less than one-tenth of the paid up capital of the Company and having the right of voting at general meetings of the Company, shall have the right, by written requisition to the Directors or the Company Secretary, to require an extraordinary general meeting of the Company to be called by the Directors for the transaction of any business specified in such requisition; and such meeting shall be held within two months after the deposit of such requisition. If within 21 days of such deposit the Directors fail to proceed to convene such meeting, the requisitionist(s) himself (themselves) may do so in the same manner, and all reasonable expenses incurred by the requisitionist(s) as a result of the failure of the Directors shall be reimbursed to the requisitionist(s) by the Company. To safeguard shareholder interests and rights, separate resolution should be proposed for each substantially separate issue at general meetings, including the election of individual Director. All resolutions put forward at general meetings will be voted by poll pursuant to the GEM Listing Rules and poll results will be posted on the websites of the Company and of the Stock Exchange after each general meeting.

Putting Forward Proposals at General Meetings

Shareholders who wish to propose resolutions at general meetings may request the Company to convene a general meeting following the procedures set out in the preceding paragraph.

Corporate Governance Report

Putting Forward Enquiries to the Board

For putting forward any enquiries to the Board of the Company, shareholders may send written enquiries to the Company.

Note: The Company will not normally deal with verbal or anonymous enquiries.

Contact Details

Shareholders may send their enquiries or requests as mentioned above to the following:

Address: Suite 704, 7th Floor
Ocean Centre
Harbour City
Kowloon
Hong Kong

For the avoidance of doubt, shareholder(s) must deposit and send the original duly signed written requisition, notice, statement, or enquiry (as the case may be) to the above address, apart from the registered office of the Company, and provide their full name, contact details and identification in order to give effect thereto. Shareholders' information may be disclosed as required by law.

(16) DIVIDEND POLICY

The declaration and payment of dividends by the Company shall be determined at the sole discretion of the Board taking into account factors including (i) the actual and expected financial performance of the Company; (ii) the undistributed profits and distributable reserves of the Company; (iii) the level of debt-to-equity ratio, return on equity and relevant financial commitments of the Group; (iv) the Group's expected working capital requirements and future expansion plans; (v) the general economic conditions of the Group; and (vi) other internal and external factors that may affect the business or financial performance and condition of the Group.

(17) BOARD DIVERSITY

The Board considers that its diversity is a vital asset to the business and has adopted the Board Diversity Policy for better transparency and governance. Board appointments are based on merit and candidates are considered against objective criteria, having due regard for the benefits of diversity on the Board, including but not limited to gender, age, cultural and educational background, ethnicity, professional experience, skills, knowledge and length of service. The Company adopted the Board Diversity Policy as required by the CG Code. The Nomination Committee will discuss and agree on measurable objectives for achieving diversity on the Board, where necessary, and recommend them to the Board for adoption, as set forth in the Board Diversity Policy of the Company.

Corporate Governance Report

The members of the Board, who come from a variety of different backgrounds, have a diverse range of business, and professional expertise. The table below sets forth an analysis of the Board's current composition based on the measurable objectives:

Measurable objective	Category	Number of Director
Gender	Male	5
	Female	3
Age	20–40	2
	41–60	6
Director's skills and experience	Sales of renewable energy products experience	6
	Rendering of new energy power system integration services experience	6
	International exposure	1
	Financial expertise	5
	Compliance and corporate governance experience	8
	Current executive leadership or directorship in other listed companies	2

To achieve Board diversity goal, the nomination committee is responsible for assessing the appropriate mix of skill, experience, expertise and gender required on the Board based on current and future business of the Company and oversee Board succession to maintain an appropriate mix of skill, experience, expertise and gender.

Based on the foregoing, the composition and diversity of the Board enable the management to benefit from a diverse and objective external perspective, on issues raised before the Board.

Brief biographical particulars of the Directors, together with information relating to the relationship among them, are set forth on pages 35 to 38 in this annual report.

The Board currently has three female Directors and as such has achieved gender diversity in respect of the Board. The Company targets to maintain the current level of female representation on the Board and strives to ensure the Board is made up of a reasonable and appropriate proportion of female members by reference to stakeholders' expectations and international and local recommended best practices and the pool of qualified candidates.

As of 31 March 2026, among the 33 employees (including senior management) of the Group, the percentages of male employees and female employees are 39.4% and 60.6%, respectively. Employee gender diversity is primarily shaped by differences in education levels, cultural backgrounds, professional expertise, and specific job demands. The Company will continue hiring skilled professionals of all genders based on its own development needs. It will also promote gender diversity in recruiting senior leaders and staff, aiming to build a balanced, diverse, and fair talent team.

Corporate Governance Report

The Nomination Committee was of the opinion that the Board consisted of members with diversified gender, age, cultural and education background, professional/business experience, skills and knowledge. Further details for the diversity, including the gender diversity, in the workforce during the year ended 31 March 2026 are set forth in the Environmental, Social and Governance Report dated 26 June 2026 of the Company.

The Nomination Committee will monitor the implementation and effectiveness of the Board Diversity Policy and review the same on an annual basis.

(18) WHISTLEBLOWING POLICY

The Company is committed to achieving and maintaining a high standard of probity, openness, and accountability. A Whistleblowing Policy is in place to create a system for the employees and other stakeholders of the Company to raise concerns, in confidence, about possible improprieties. The identity of each whistleblower and all information provided in connection with a whistleblowing report will be treated with the strictest confidence. The Audit Committee reviews the Whistleblower Policy annually to ensure its effectiveness and will recommend appropriate revisions to the Board for consideration and approval.

(19) ANTI-CORRUPTION

The Company is committed to achieving and maintaining a high standard of ethics in its business operations. To raise anti-corruption awareness among its employees, the Company has established a set of policies to set out the minimum standard in complying with the applicable anti-corruption laws and regulations.

Report of the Directors

The Directors have pleasure in presenting their report together with the audited consolidated financial statements for the year ended 31 March 2026.

PRINCIPAL ACTIVITIES AND ANALYSIS OF OPERATIONS

The principal activity of the Company is investment holding. The principal activities of the principal subsidiaries of the Company are (i) sales of renewable energy products business; and (ii) rendering of new energy power system integration services during the year ended 31 March 2026.

An analysis of the Group's performance for the year under review by business segments is set out in note 5 to the consolidated financial statements.

RESULTS AND APPROPRIATIONS

The results of the Group for the year ended 31 March 2026 are set out in the Consolidated Statement of Profit or Loss and Other Comprehensive Income on page 56 of this annual report.

No interim dividend have been paid or declared by the Company during the year under review. The Directors do not recommend the payment of a final dividend for the year ended 31 March 2026 (2025: Nil).

RESERVES

The Company may pay dividends out of share premium, retained earnings and other reserves provided that immediately following the payment of such dividends the Company will be in a position to pay off debts as they fall due in the ordinary course of business.

As at 31 March 2026, the Company did not have any distributable reserves (2025: Nil).

Details of the movements in the reserves of the Group and the Company during the year under review are set out on page 58 and page 137 respectively.

PROPERTY AND EQUIPMENT

Details of the movements in property and equipment of the Group are set out in note 16 to the consolidated financial statements.

SHARE CAPITAL

The Company did not issue any shares or debentures during the year under review. Details of the movements in share capital of the Company are set out in note 25 to the consolidated financial statements.

Report of the Directors

BUSINESS REVIEW

Further discussion and analysis of the business of the Group, including a business review for the year ended 31 March 2026, its likely future development and events occurred after the reporting period is set out in the section “Management Discussion and Analysis” of this annual report.

PRINCIPAL RISKS AND UNCERTAINTIES

(1) *Government policy, regulation and approvals*

The development of the new energy business relies on the supportive policies of the PRC government. Despite the enactment of the Law of Renewable Energy of the PRC and the 14th Five-Year Plan for the National Economic and Social Development for the purpose of promoting the development and utilisation of renewable energy, there is a risk that the PRC government may revise or suspend such supportive policies or alter of law and regulations which would be a substantial impact for market participants. Furthermore, many renewable energy projects in the PRC require prior government approvals, which may or may not be granted, and the time frames for obtaining such approvals are difficult to predict. However, considering the growing alert to the devastating consequences of global warming and increasing awareness in environmental protection, exploration of new energy has become a must across the globe. The Group will pay close attention to any policy changes in order to foresee any unfavourable effects.

(2) *Fast technological advancement*

The rendering of new energy power system integration services of the Group involves a large amount of equipment and related products required by solar energy, biomass and other energies power generation systems. The Group shall possess sound knowledge of and have quick adaptation to the changing installation technology. Fast technological advancement of equipment and installation techniques expose the Group to the risk of being unable to catch up with the latest technology of the industry. The Group shall familiarise itself with industry trends and characteristics, accumulate technological experience, arrange regular trainings for staff and catch up with advanced industry technology via its own projects in progress and external system integration projects so as to lay a more solid foundation for the continuous development of its rendering of new energy power system integration services. The technologies and products that the Group have been adopting may not be able to catch up with the rapid development of the solar photovoltaic industry. However, the Group will continue to conduct research and development and pay attention to the development of the technology in the new energy industry in the world in order to enhance the existing technology owned by the Group.

Report of the Directors

(3) *Funding, interest rate and foreign exchange*

The Group's rendering of new energy power system integration services requires a substantial amount of capital investment. There is risk that the Group may not be able to raise adequate funds for the development of its future projects. The Group may consider seeking cooperation opportunities with other market participants in order to share the funding for future projects and/or seeking for equity and debt financing.

The Group is exposed to fair value interest rate risk in relation to fixed-rate other loans and convertible bonds and cash flow interest rate risk in relation to variable-rate bank balances.

The Group's business is primarily located in the PRC with most of its revenue and expenses denominated in Renminbi. Minimal exposure to fluctuation in exchange rate is expected. The exposure to fluctuation in exchange rates mainly arise from translation of Group's assets and liabilities denominated in currencies other than its functional currency. The Group has not used any financial instruments for hedging purpose.

(4) *Reliance on major customers*

There is no assurance that future orders placed by customers will be on the same or similar terms of the existing orders and the Group's major customers are not obligated in any way to continue placing purchase orders with the Group at the same prices. As such, it is essential for the Group to maintain good relationships with its major customers. If any of these major customers substantially reduces the volume and/or the value of the orders it places with the Group or terminates its business relationship with the Group entirely, there is no assurance that (i) the Group will be able to obtain orders from new customers or other existing customers to make up for such loss of sales; and (ii) even if the Group would be able to obtain other orders, they may not be on commercially comparable terms. As such, the Group's operations and financial results may be adversely affected.

(5) *Risks arising from suppliers or sub-contractors*

The Group has signed various contracts with its suppliers and sub-contractors. However, if these suppliers and sub-contractors are unable to perform their obligations to the Group or the Group's customers, the Group may be required to make additional remedy to ensure adequate performance and delivery of services to the Group's customers.

Report of the Directors

The Group does not have its own factories to produce renewable energy products such as photovoltaic mounting brackets, solar trackers, the guardrail of the solar power stations and towers for wind turbines. As such, the Group relies on purchasing such products from the suppliers. Any increase in the selling price of such renewable energy products procured from the suppliers could have an adverse effect on the Group's financial results and profits. In addition, there is no assurance that the business relationships between the Group and the suppliers will not deteriorate in the future. If the suppliers terminate or reduce the supply of such renewable energy products to the Group, the Group may not be able to procure sufficient quantity of such renewable energy products from other existing suppliers or new suppliers on commercially reasonable terms and in a timely manner for delivery. Any interruption of, or decline in, the supply of such renewable energy products could materially disrupt the Group's sales of renewable energy products business.

Moreover, there may be disputes brought by the Group's customers, main contractors, sub-contractors or suppliers who seek to avoid payment or deny their obligations to perform certain duties under their contracts with the Group, which could have a material adverse impact on the Group's reputation, business, financial position and results of operations.

The Group will explore cooperation opportunities with new suppliers and sub-contractors to mitigate this risk.

(6) *Volatility in the securities market and other financial risks*

Volatility in the securities market may affect the Groups' investments in the share market. The Company is also subject to market risk, such as currency fluctuations, volatility of interest rates, credit risk, and liquidity risk in the normal course of the Group's business. Particulars of the financial risk management of the Group are set out in note 29 to the consolidated financial statements.

The Company has established risk management and internal control systems to effectively monitor the risks facing the Group. Further details of which are set out in the paragraphs headed "Risk Management and Internal Control" in the corporate governance report of this annual report.

COMPLIANCE WITH REGULATIONS

There was no material breach of or non-compliance with the applicable laws and regulations such as the Companies Ordinance of Hong Kong (Chapter 622 of the Laws of Hong Kong), the GEM Listing Rules and other applicable laws and regulations in the jurisdictions where the Group carried out operations during the year ended 31 March 2026.

SOCIAL RESPONSIBILITIES AND SERVICES AND ENVIRONMENTAL POLICY

The Group is committed to the long-term sustainability of its businesses and the communities in which it engages. It pursues this business approach by managing its business prudently and executing management decisions with due care and attention. For details, please refer to the environmental, social and governance report to be separately published in due course in accordance with the requirements under the GEM Listing Rules.

Report of the Directors

REMUNERATION POLICY

Remuneration packages are generally structured with reference to prevailing market rates, individual performance and qualifications. Salaries and wages are normally reviewed on an annual basis based on performance appraisals and other relevant factors.

Apart from salary payments, there are other staff benefits including mandatory provident fund, medical insurance and performance related bonus. Share options may also be granted to eligible employees of the Group. For details, please refer to the paragraphs headed “Share Option Scheme” below.

RELATIONSHIPS WITH EMPLOYEES, CUSTOMERS AND SUPPLIERS

Having effective relationships with employees, customers and suppliers is fundamental to any business. The Group fully understands this principle and maintains close relationship with its customers to fulfil their immediate and long-term needs. The Group also strives to maintain fair and co-operating relationships with its suppliers. During the year under review, policies have been in place for staff to refer opinions from the customers and suppliers of the Group to the Directors and senior management of the Group.

DIRECTORS

The Directors during the year ended 31 March 2026 and up to the date of this report were:

Executive Directors

Mr. Huang Bo (*Chairman*)

Mr. Huang Yuanming

Ms. Zhang Jinhua

Mr. Tse Man Kit Keith

Ms. Hu Xin

Independent Non-executive Directors

Mr. Cheung Ting Kin

Ms. Ma Xingqin

Mr. Qiao Wencai

In accordance with Article 108(A) of the Articles, Mr. Huang Yuanming, Ms. Zhang Jinhua and Mr. Tse Man Kit, Keith will retire as Directors by rotation at the forthcoming annual general meeting of the Company (“**AGM**”) and, being eligible, will offer themselves for re-election as Directors at the AGM. Detailed information of each of the Directors standing for re-election at the AGM will be set out in the circular in relation to the AGM to be despatched to the shareholders of the Company.

Report of the Directors

BIOGRAPHICAL DETAILS OF THE DIRECTORS AND THE SENIOR MANAGEMENT OF THE GROUP

Report of the Directors

Independent non-executive directors

Mr. Cheung Ting Kin, aged 43, was appointed an independent non-executive Director of the Company on 12 December 2023. Mr. Cheung received a Bachelor of Commerce Accounting and Finance from Curtin University in 2004 and a Master of Finance from the Australian National University in 2005. He is a Certified Public Accountant of the Hong Kong Institute of Certified Public Accountants, an associate of CPA Australia, and a Certified Dealmaker of the China Mergers and Acquisitions Association. He previously worked at various companies that specialise in finance and asset management, including serving as a business development Director of Plutus Securities Limited (a licensed corporation under the SFO to engage in Type 1 (Dealing in securities) regulated activity) since 2019 and currently serving as the CEO and Executive Director of Plutus Financial Group Limited (listed on the NASDAQ Capital Market on 5 February 2025, stock code: PLUT.US). Mr. Cheung has previously served as an independent non-executive Director of B & D Strategic Holdings Limited, a company listed on the Main Board of The Stock Exchange of Hong Kong Limited (the “**Main Board of the Stock Exchange**”) (stock code: 1780) from 2019 to 2023, an independent non-executive Director of Sun Cheong Creative Development Holdings Limited (since delisted, previous stock code: 1781) from 2018 to 2020, the chief financial officer (“**CFO**”) and the company secretary of Richly Field China Development Ltd, a company listed on the Main Board of the Stock Exchange (stock code: 313) from 2015 to 2019, the CFO of Seige Communication Limited from 2012 to 2013, and a senior accountant of EY from 2008 to 2009.

Ms. Ma Xingqin, aged 38, graduated from the China University of Petroleum (中國石油大學(華東)) in the PRC with a Bachelor degree in Accounting and a Master’s degree in Management in 2009 and 2011 respectively. Ms. Ma is a member of the Chinese Institute of Certified Public Accountants (non-practising). Ms. Ma has more than 12 years’ experience in auditing and corporate financial management. Ms. Ma has worked in an accounting firm in the PRC. She was responsible for the accounting work until June 2018 in the Chongqing branch of Aluminum Corporation of China Limited, the shares of which are listed on the Main Board of the Stock Exchange (stock code: 2600), and the Shanghai Stock Exchange (stock code: SH601600). Ms. Ma was appointed as an independent non-executive Director on 19 July 2016.

Mr. Qiao Wencai, aged 42, was appointed an independent non-executive Director of the Company, received a Bachelor of Financial Management from Central South University (中南大學) in 2005. Mr. Qiao previously served in different financial and accounting related roles at various companies which specialise in renewable energy, including currently serving as a deputy general manager of investment and innovation department of 正泰安能數字能源(浙江)股份有限公司 since 2024. Mr. Qiao has previously served as the CFO and an internal auditor/internal control consultant and the economic management department head of Shunfeng Photovoltaic Investment (China) Co., Ltd. (順風光電投資(中國)有限公司) from 2014 to 2023.

Report of the Directors

Senior management

Ms. Chu Hoi Ying, aged 43, was appointed as (i) the Company Secretary, (ii) the Authorised Representative, and (iii) the Process Agent on 15 March 2024 and as the chief financial officer on 30 December 2024. Ms. Chu received a Bachelor of Business Administration from Lingnan University in 2004. Ms. Chu has been serving as a senior financial manager of the Company since September 2019. Prior to joining the Company, Ms. Chu also served financial management and accounting roles at Shunfeng International Clean Energy Limited (stock code: 1165), and served as an auditor at Grant Thornton and Horwath Hong Kong CPA Limited. She is a member of the Hong Kong Institute of Certified Public Accountants. Ms. Chu joined the Group in September 2019.

DIRECTORS' SERVICE CONTRACTS

There are no existing or proposed service contracts of the Directors with the Company which are not determinable by the Company within one year without payment of compensation other than statutory compensation.

The emoluments paid or payable to the Directors during the year under review was set out in note 12 to the consolidated financial statements.

PURCHASE, SALE OR REDEMPTION OF SHARES

Neither the Company nor any of its subsidiaries had purchased, sold or redeemed any shares of the Company during the year ended 31 March 2026.

DIRECTORS' INTEREST IN TRANSACTIONS, ARRANGEMENT AND CONTRACTS

Save as disclosed in this annual report, no transaction, arrangement or contract of significance to which the Company or any of its subsidiaries was a party and in which a Director or an entity connected with a Director had a material interest, whether directly or indirectly, subsisted at the end of or at any time during the year ended 31 March 2026.

Report of the Directors

DIRECTORS' AND CHIEF EXECUTIVE'S INTERESTS AND SHORT POSITIONS IN THE SHARES, UNDERLYING SHARES AND DEBENTURES OF THE COMPANY AND ITS ASSOCIATED CORPORATIONS

As at 31 March 2026, the interests and short positions of the Directors and chief executive of the Company in the shares, underlying shares and debentures of the Company or any of its associated corporations (within the meaning of Part XV of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong) ("SFO")) as recorded in the register required to be kept under section 352 of the SFO or as otherwise notified to the Company and the Stock Exchange pursuant to the required standard of dealings by Directors as referred to in Rule 5.46 of the GEM Listing Rules are as follows:

DIRECTORS' AND CHIEF EXECUTIVE'S INTERESTS IN THE SHARES OF THE COMPANY

Name of Directors/ Chief executive	Capacity	Interest in shares	Interest in underlying shares	Total interest in share	Approximate percentage of the Company's issued share capital as at 31 March 2026
Mr. Huang Bo (Note 3) (Executive Director)	Beneficial owner	86,825,934 (L)	3,169,065 (L) (Note 4)	89,994,999 (L)	19.52%
Mr. Huang Yuanming (Note 3) (Executive Director)	Beneficial owner	35,548,238 (L)	3,169,064 (L) (Note 4)	38,717,302 (L)	8.40%
Ms. Zhang Jinhua (Executive Director)	Beneficial owner	12,800,000 (L)	3,169,064 (L) (Note 4)	15,969,064 (L)	3.46%
Mr. Tse Man Kit Keith (Executive Director)	Beneficial owner	12,489,469 (L)	3,169,064 (L) (Note 4)	15,658,533 (L)	3.46%
Mr. Qiao Wencai (Independent Non-Executive Director)	Beneficial owner	6,000 (L)	–	6,000 (L)	0.001%

Notes:

- The letter "L" represents long positions in the shares or underlying shares of the Company.
- As at 31 March 2026, the issued share capital of the Company was ordinary shares.
- Mr. Huang Yuanming is the son of Mr. Huang Bo, an executive Director and substantial shareholder of the Company.
- The interests were derived from the share options granted by the Company on 26 July 2024 under the Share Option Scheme.

Report of the Directors

INTERESTS AND SHORT POSITIONS OF SUBSTANTIAL SHAREHOLDERS AND OTHER PERSONS IN THE SHARES AND UNDERLYING SHARES OF THE COMPANY

As at 31 March 2026, the following persons or entities, other than a Director or chief executive of the Company, had an interest or a short position in the shares and underlying shares of the Company as recorded in the register required to be kept under section 336 of the SFO:

Name of Shareholder	Number of ordinary shares (Note 1)	Capacity	Approximate percentage of the Company's issued share capital as at 31 March 2026 (Note 2)
Ms. Li Xiaoyan* (李曉豔女士)	59,094,406 (L)	Beneficial owner	12.82%
Mr. Hou Hsiao Bing (Note 3)	26,228,000 (L)	Beneficial owner	5.69%

* For identification purpose only

Notes:

1. The letter "L" represents long position in the shares or underlying shares of the Company.
2. As at 31 March 2026, the issued share capital of the Company was 460,976,684 ordinary shares of HK\$0.001 each.
3. Mr. Hou Hsiao Bing retired as an executive Director with effect from 26 August 2019.

Report of the Directors

EQUITY-LINKED AGREEMENTS

Set out below are the equity-linked agreements entered into by the Company during the year ended 31 March 2024 or subsisted as at 31 March 2024:

Share Option Scheme

The Company has adopted a share option scheme ("**Share Option Scheme**") which became effective on 26 August 2014 and remained in force for a period of 10 years until 20 August 2024. As at the date of this report, the Share Option Scheme has expired, and the Company does not have any subsisting share scheme. Upon the expiry of the Share Option Scheme, no further options shall be granted but in respect of all options which remain exercisable at the end of such period, the provisions of the Share Option Scheme shall remain in full force and effect.

The purpose of the Share Option Scheme was to enable the Group to grant options to selected participants as incentives or rewards for their contribution to the Group and/or to enable the Group to recruit and retain high-calibre employees and attract human resources that are valuable to the Group and any entity ("**Invested Entity**") in which the Group holds an equity interest.

Eligible participants ("**Eligible Participants**") under the Share Option Scheme included (a) any employee (whether full time or part time, including any executive Director but excluding any non-executive Director) of, or any individual for the time being seconded to work for, the Company, any of its subsidiary or any Invested Entity; (b) any non-executive Director (including independent non-executive Directors) of the Company, any subsidiary of the Company or any Invested Entity; (c) any supplier of goods or services to any member of the Group or any Invested Entity; (d) any customer of the Group or any Invested Entity; (e) any person or entity that provided research, development or other technological support to any member of the Group or any Invested Entity; (f) any shareholder of any member of the Group or any Invested Entity or any holder of any securities issued by any member of the Group or any Invested Entity; (g) any adviser (professional or otherwise) or consultant to the Group relating to business development of the Group or any member of the Group or any Invested Entity; and (h) any joint venture or business alliance of any member of the Group who have contributed to the development and growth of the Group.

The maximum number of shares which may be allotted and issued upon exercise of all outstanding options granted and yet to be exercised under the Share Option Scheme and any other share option scheme of the Group must not in aggregate exceed 30% of the issued share capital of the Company from time to time.

Report of the Directors

The initial total number of shares which may be allotted and issued upon exercise of all options (excluding, for this purpose, options which have lapsed in accordance with the terms of the Share Option Scheme and any other share option scheme of the Group) to be granted under the Share Option Scheme and any other share option scheme of the Group must not in aggregate exceed 10% of the shares in issue as at the date of passing of the relevant resolution adopting the Share Option Scheme ("**General Scheme Limit**"). On 26 September 2018, the General Scheme Limit was refreshed and the maximum number of shares which may be issued upon the exercise of all options to be granted under the Share Option Scheme and any other share option schemes of the Group has been re-set at 10% of the shares in issue as at the date of approval of refreshing the General Scheme Limit. Further, on 19 July 2021, the Share Consolidation became effective. Upon the Share Consolidation becoming effective, the Directors were allowed to grant options to Eligible Participants to subscribe for a maximum of 34,520,257 ordinary shares of HK\$0.50 each, representing approximately 7.5% of the issued shares of the Company as at the date of this report. Share options in respect of a total of 21,844,000 ordinary shares of HK\$0.50 each have been granted by the Company under the Share Option Scheme to Eligible Participants and have all been exercised during the year ended 31 March 2019. The total number of ordinary shares which may be issued upon exercise of share options yet to be granted under the Share Option Scheme was 12,676,257 which represented approximately 2.75% of the issued share capital of the Company as at the date of this report.

The maximum number of shares issued and to be issued upon exercise of the options granted under the Share Option Scheme and any other share option scheme of the Group (including both exercised, cancelled or outstanding options) to each Eligible Participant in any 12-month period could not exceed 1% of the issued shares of the Company from time to time.

An offer of the grant of option may be accepted by an Eligible Participant within such time as may be specified in the offer (which shall not be later than 21 days from the offer date).

Unless otherwise determined by the Directors and stated in the offer for the grant of option to the grantee, there was no minimum period required under the Share Option Scheme for the holding of an option before it can be exercised.

A nominal consideration of HK\$1 is payable on acceptance of the grant of an option.

The subscription price for a share under the Share Option Scheme was to be a price determined by the Directors, but was not to be less than the highest of (i) the closing price of the shares of the Company as stated in the Stock Exchange's daily quotations sheet on the date of the offer of grant, which must be a business day; (ii) the average closing price of the shares of the Company as stated in the Stock Exchange's daily quotations sheet for the five business days immediately preceding the date of the offer of grant; and (iii) the nominal value of a share of the Company.

Report of the Directors

At the end of the financial year ended 31 March 2024, the number of options available for grant under the scheme mandate of the Company was 12,676,257, representing approximately 2.75% of the total issued Shares (excluding treasury Shares). On 26 July 2024, the Company granted (the “**Grant**”) share options (“**Options**”) to four Directors to subscribe for up to 12,676,257 ordinary shares of HK\$0.001 each in the share capital of the Company (“**Shares**”) under the Share Option Scheme. Immediately prior to the Grant, the Company had no outstanding Options under the Share Option Scheme, and a total of 12,676,257 Options were available for grant. Immediately subsequent to the Grant, no Options were available for future grant pursuant to the Share Option Scheme, and the Share Option Scheme further expired on 20 August 2024.

A summary of the movements of the Share Option Scheme during the Review Period is set out as follows:

Grantees	Date of grant	Exercise Price (HK\$/share)	Closing price of shares before date of grant (HK\$/share)	Outstanding as of 1 April 2025	Changes during the Review Period			Outstanding as of 31 March 2026	Exercise period
					Granted	Exercised	Lapsed		
Directors									
Mr. Huang Bo	26 July 2024	0.11	0.087	3,169,065	–	–	–	3,169,065	26 July 2024 to 25 July 2034
Mr. Huang Yuanming	26 July 2024	0.11	0.087	3,169,064	–	–	–	3,169,064	26 July 2024 to 25 July 2034
Ms. Zhang Jinhua	26 July 2024	0.11	0.087	3,169,064	–	–	–	3,169,064	26 July 2024 to 25 July 2034
Mr. Tse Man Kit, Keith	26 July 2024	0.11	0.087	3,169,064	–	–	–	3,169,064	26 July 2024 to 25 July 2034
Total				12,676,257	–	–	–	12,676,257	26 July 2024 to 25 July 2034

The Options under the Grant are not subject to any vesting conditions, performance targets or clawback mechanism. The fair value of the Options at the date of Grant amounted to approximately RMB622,000, which was calculated using the binomial option pricing model.

During the reporting period, no Options were exercised, cancelled or lapsed. A total of 12,676,257 ordinary shares of HK\$0.001 each in the share capital of the Company may be issued in respect of the Options under the Grant. Save for the Options granted under the Grant, there were no other share options granted under the Share Option Scheme.

Report of the Directors

Convertible bonds

On 1 June 2011, the Company issued the ten-year zero coupon convertible bonds ("**2011 CB**") at par with a nominal value of HK\$163,100,000 to the vendor, in acquiring of the entire issued share capital of China Technology Solar Power Holdings Limited, a company incorporated in the BVI with limited liability ("**CTSP (BVI)**"), and its subsidiaries ("**Target Group**"). The convertible bonds are denominated in Hong Kong dollars. The bonds entitle the holders to convert them into ordinary shares of the Company at any time between the date of issue of the bonds and their settlement date on 1 June 2021 ("**Maturity Date**") at a conversion price of HK\$0.5 per share. If the bonds have not been converted, they will be redeemed on Maturity Date at par.

The 2011 CB was divided into Tranche I Convertible bonds ("**Tranche I CB**") and Tranche II Convertible bonds ("**Tranche II CB**") of HK\$113,100,000 and HK\$50,000,000 respectively. For Tranche I CB, the CB holders are not subject to any restriction for exercising the conversion of Tranche I CB into share. For Tranche II CB, the principal amount would be subject to change in relation to a profit guarantee made by the vendor to the Company.

Referring to a supplementary agreement made between the vendor and the Company on 30 January 2012, the amount of profit guarantee was increased to HK\$40,000,000 and the guarantee period was extended to 30 September 2012. In the event that the profit guarantee could not be achieved, the principal amount of the Tranche II CB will be adjusted to HK\$0 if consolidated net profit after tax of the Target Group is equivalent to or less than HK\$15,000,000 or a loss.

Based on the audited consolidated financial statements of the Target Group for the 12 months ended 30 September 2012, the Target Group recorded a loss of HK\$77,000. On such basis, the amended target profit of HK\$40,000,000 under the sale and purchase agreement (as supplemented by a supplemental agreement mentioned above) was not achieved and the principal amount of the Tranche II CB was adjusted to HK\$0.

On 2 September 2011, 24,000,000 ordinary shares of HK\$0.1 each were issued by the Company as a result of the exercise of the conversion rights attached to Tranche I CB in the principal amount of HK\$12,000,000.

On 26 November 2013, 74,200,000 ordinary shares of HK\$0.10 each were issued by the Company as a result of the exercise of the conversion rights attached to Tranche I CB in the principal amount of HK\$37,100,000.

On 22 March 2016, 30,000,000 ordinary shares of HK\$0.10 each were issued by the Company as a result of the exercise of the conversion rights attached to Tranche I CB in the principal amount of HK\$15,000,000.

On 4 July 2018, 10,000,000 ordinary shares of HK\$0.10 each were issued by the Company as a result of the exercise of the conversion rights attached to Tranche I CB in the principal amount of HK\$5,000,000.

As at 31 March 2021, the aggregate outstanding principal amount of the 2011 CB was HK\$44,000,000, which may be converted into 88,000,000 ordinary shares of HK\$0.1 each in the share capital of the Company at a conversion price of HK\$0.5 per share. During the year ended 31 March 2021, no conversion right was exercised in respect of the 2011 CB.

Report of the Directors

Pursuant to a subscription agreement ("**2021 Subscription Agreement**") dated 31 May 2021 entered into between the Company and Mr. Qin Zhongde (the "**2021 Subscriber**") who held the 2011 CB with an outstanding principal amount of HK\$32,000,000 as at the date of the 2021 Subscription Agreement, the 2021 Subscriber conditionally agreed to subscribe for and the Company conditionally agreed to issue convertible bonds in the principal amount of HK\$32,000,000 ("**2021 CB**") at an initial conversion price of HK\$2.5 per conversion share (after the share consolidation effective on 19 July 2021). Details of the subscription are contained in the announcement of the Company dated 31 May 2021.

On 1 June 2021, the 2011 CB with the aggregate outstanding principal amount of HK\$44,000,000 matured and as a result, the conversion right of the 2011 CB ended on 1 June 2021.

On 17 June 2021, all conditions of the 2021 Subscription Agreement have been fulfilled and completion of the subscription took place in accordance with the terms and conditions thereof. The 2021 CB in the principal amount of HK\$32,000,000 were issued to the 2021 Subscriber, who had transferred the convertible bonds to the 2022 Subscriber, Ms. Zhang Jinhua in September 2021.

Pursuant to the 2022 Subscription Agreement dated 30 September 2022 entered into between the Company and the 2022 Subscriber who held the 2021 CB with an outstanding principal amount of HK\$32,000,000 as at the date of the 2022 Subscription Agreement, the 2022 Subscriber conditionally agreed to subscribe for and the Company conditionally agreed to issue the 2022 CB in the principal amount of HK\$32,000,000 at an initial conversion price of HK\$2.5 per conversion share. Details of the subscription are contained in the announcement of the Company dated 30 September 2022.

On 1 October 2022, the 2021 CB with the aggregate outstanding principal amount of HK\$32,000,000 matured and as a result, the conversion right of the 2021 CB ended on 1 October 2022.

On 21 October 2022, all conditions of the 2022 Subscription Agreement have been fulfilled and completion of the subscription took place in accordance with the terms and conditions thereof. The 2022 CB in the principal amount of HK\$32,000,000 were issued to the 2022 Subscriber.

On 20 December 2023, 12,800,000 Shares were issued by the Company as a result of the exercise in full of the conversion rights attached to 2022 CB in the principal amount of HK\$32,000,000.

As at the date of this report, the Company is unable to contact the bondholder ("**Bondholder B**") holding the 2011 CB with an aggregate principal amount of HK\$12,000,000 based on the contact information registered in the register of bondholders of the Company. Further, on 28 May 2021, the Company was notified by the 2021 Subscriber that there is a potential dispute between the 2021 Subscriber and Bondholder B on the ownership of the 2011 CB with an aggregate principal amount of HK\$12,000,000. The Company will keep the Shareholders and potential investors informed of any further material development of the foregoing matters by way of announcement as and when appropriate.

Report of the Directors

MANAGEMENT CONTRACTS

No contracts concerning the management and administration of the whole or any substantial part of the business of the Company were entered into or existed during the year under review.

MAJOR CUSTOMERS AND SUPPLIERS

During the year, 100% of the Group's total purchase were attributed by the Group's five largest suppliers and approximately 42.8% of the Group's total purchase were attributed by the largest supplier; and 100.0% of the Group's revenue were attributed by the Group's five largest customers and approximately 37.8% of the Group's revenue were attributed by the largest customer.

None of the Directors of the Company or any of their associates (as defined in the GEM Listing Rules) or any other shareholders (which, to the best knowledge of the Directors, own more than 5% of the Company's issued share capital) had any beneficial interest in any of the Group's five largest customers or suppliers during the year.

PRE-EMPTIVE RIGHTS

There is no provision for pre-emptive rights under the Articles, although there are no restrictions against such rights under the laws in the Cayman Islands.

DIRECTORS' INTEREST IN COMPETING BUSINESS

During the year ended 31 March 2026, none of the Directors or his/her close associate(s) had an interest in a business which competes or may compete with the business of the Group and there was no other conflict of interest which any such person had or may have with the Group. The Company did not have a controlling Shareholder as at 31 March 2026 and as at the date of this report.

CORPORATE GOVERNANCE

A report on the principal corporate governance practices adopted by the Company is set out on pages 13 to 29 of this annual report.

SUFFICIENCY OF PUBLIC FLOAT

Based on the information that is publicly available to the Company and within the knowledge of the Directors, at least 25% of the Company's issued shares were held by the public at the latest practicable date prior to the issue of this annual report.

Report of the Directors

CONTINUING CONNECTED TRANSACTIONS

On 25 June 2025, Shaanxi Baike, an indirect wholly-owned subsidiary of the Company, entered into an operation and maintenance services contract ("**Operation and Maintenance Services Contract**") with 河北豐北新能源有限公司 (Hebei Fengbei New Energy Co., Ltd.*) ("**Hebei Fengbei**") for the provision of the operation and maintenance services by Shaanxi Baike at the photovoltaic power station of Hebei Fengbei at Xiaotangtaigou, Wanshengyong Township, Fengning County, Chengde City, Hebei Province for a term of three years from 1 July 2025 to 30 June 2028. The annual caps in respect of the transactions under the Operation and Maintenance Services Contract shall not exceed RMB4,800,000 for the year ending 31 March 2026, RMB6,400,000 for the year ending 31 March 2027, RMB6,400,000 for the year ending 31 March 2028, and RMB1,800,000 from 1 April 2028 to 30 June 2028 ("**Annual Caps**").

For details, please refer to the Company's announcements on continuing connected transactions dated 25 June 2025 and 26 June 2025, and the circular for extraordinary general meeting dated 10 October 2025 published on the websites of the Hong Kong Stock Exchange and the Company.

Hebei Fengbei is indirectly owned as to 75% by Mr. Huang Yuanming (an executive Director) and the brother of Mr. Huang Bo, Mr. Huang Ming, and 25% by Ms. Zhang Jinhua (who is an executive Director). Mr. Huang Yuanming is the son of Mr. Huang Bo (who is a substantial Shareholder of the Company, and an executive Director and the Chairman of the Board), and hence, an associate of Mr. Huang Bo. Each of Mr. Huang Bo and Mr. Huang Yuanming is interested in approximately 18.84% and 7.71% of the total issued share capital of the Company, respectively. Accordingly, Hebei Fengbei is a connected person of the Company under the GEM Listing Rules, and the transactions under the Operation and Maintenance Services Contract constitute continuing connected transactions of the Company under Chapter 20 of the GEM Listing Rules.

As one or more of the applicable percentage ratios (after considering revenue ratio but excluding profits ratio) under Rule 19.07 of the GEM Listing Rules for the Annual Caps under the Operation and Maintenance Services Contract is over 25%, the transactions contemplated thereunder and the Annual Caps are subject to reporting, announcement, annual review requirements and the independent Shareholders' approval requirements under Chapter 20 of the GEM Listing Rules.

The above transactions were approved by the independent Shareholders at the extraordinary general meeting of the Company dated 31 October 2025.

For the year ended 31 March 2026, the total transaction amount carried out under the Operation and Maintenance Services Contract amounted to approximately RMB2.5 million.

The independent non-executive Directors have reviewed the above continuing connected transaction and confirmed that these transactions were entered into: (i) in the ordinary and usual course of business of the Group; (ii) on normal commercial terms or better; and (iii) in accordance with the relevant agreements governing them on terms that were fair and reasonable and in the interests of the Company and the Shareholders as a whole.

Report of the Directors

The Company's auditor was engaged to report on the Group's continuing connected transactions in accordance with Hong Kong Standard on Assurance Engagement 3000 (Revised), Assurance Engagements other than Audits or Reviews of Historical Financial Information and with reference to Practice Note 740, Auditor's Letter on Continuing Connected Transactions under the Hong Kong Listing Rules, issued by Hong Kong Institute of Certified Public Accountants. The auditor has issued their unqualified letter containing the auditor's findings and conclusions in respect of the continuing connected transactions disclosed by the Group in accordance with Rule 20.54 of the GEM Listing Rules, stating that:

- (a) nothing has come to their attention that causes it to believe that the disclosed continuing connected transactions have not been approved by the Company's board of directors;
- (b) for transactions involving the provision of goods or services by the Group, nothing has come to their attention that causes it to believe that the transactions were not, in all material respects, in accordance with the pricing policies of the Group;
- (c) nothing has come to their attention that causes it to believe that the transactions were not entered into, in all material respects, in accordance with the relevant agreements governing such transactions; and
- (d) with respect to the aggregate amount of each of the disclosed continuing connected transactions, nothing has come to their attention that causes it to believe that the disclosed continuing connected transactions have exceeded the annual cap as set by the Company.

The Company confirms that it has complied with the disclosure requirements in accordance with Chapter 20 of the GEM Listing Rules in respect of the above continuing connected transactions.

DONATIONS

During the year ended 31 March 2026, the Group did not donate to charitable organisations (2025: HK\$10,000).

Report of the Directors

AUDITORS

ZSZH (HK) Fuson CPA Limited (formerly known as SFAI (HK) CPA Limited) was appointed as auditors of the Company with effect from 22 February 2023 to fill the causal vacancy following the resignation of SHINEWING (HK) CPA Limited.

Save as aforesaid, there has been no change of auditors of the Company in the preceding three financial years.

The consolidated financial statements of the Company for the year ended 31 March 2021 and 31 March 2022 have been audited by SHINEWING (HK) CPA Limited. The consolidated financial statements of the Company for the year ended 31 March 2023, 2024, 2025 and 2026 have been audited by ZSZH (HK) Fuson CPA Limited, the auditors of the Company, who will retire and being eligible, offer themselves for reappointment at the forthcoming annual general meeting of the Company.

On behalf of the Board

Mr. Huang Bo

Chairman and executive Director

Hong Kong, 26 June 2026

Five Years Financial Summary

Total liabilities	(87,176)	(74,605)	(62,484)	(82,595)	(81,359)
Net assets	9,082	22,746	40,122	59,450	84,590

Independent Auditor's Report

TO THE MEMBERS OF CHINA TECHNOLOGY INDUSTRY GROUP LIMITED

(incorporated in the Cayman Islands with limited liability)

OPINION

We have audited the consolidated financial statements of China Technology Industry Group Limited (the "Company") and its subsidiaries (hereinafter collectively referred to as the "Group") set out on pages 56 to 140, which comprise the consolidated statement of financial position as at 31 March 2026, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including material accounting policy information and other explanatory information.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 March 2026, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with HKFRS Accounting Standards issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the HKICPA's *Code of Ethics for Professional Accountants* (the "Code") and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Independent Auditor's Report

KEY AUDIT MATTERS *(Continued)*

Key audit matter identified in our audit is summarised as follows:

Impairment assessment of account receivables

The key audit matter

As disclosed in note 19 to the consolidated financial statements, as at 31 March 2026, the Group's account receivables, net of expected credit losses ("ECL") allowances amounted to approximately RMB31,594,000.

Account receivables from customers that with significant outstanding balance or that are credit-impaired are assessed for ECL individually. The ECL allowance amount is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows with the consideration of ECL. The ECL are determined after considering internal credit rating of trade debtors, ageing, repayment history and/or past due status. Estimated loss rates are based on historical observed default rates over the expected life of the debtors and are adjusted for forward-looking information.

We identified impairment assessment of account receivables as a key audit matter due to the significance balance of account receivables to the Group's consolidated financial position as a whole and the involvement of subjective judgement and management estimates in evaluating the ECL allowance of the Group's account receivables at the end of the reporting period.

How the matter was addressed in our audit

Our audit procedures in relation to impairment assessment of account receivables included, among others, the following:

- To understand key controls on how the management estimates the ECL allowance for account receivables;
- To challenge management's basis and judgement in determining credit loss allowance on account receivables at the end of the reporting period, including their identification and evaluation of account receivables with significant outstanding balances or credit impaired that are individually assessed and the basis of estimated loss rates applied with reference to historical default rates and forward-looking information;
- To test the ageing analysis of account receivables at the end of the reporting period used by management on a sample basis, by comparing individual items in the analysis with the relevant sales agreements, sales invoices and other supporting documents; and
- To evaluate the disclosures regarding the impairment assessment of account receivables.

Independent Auditor's Report

OTHER INFORMATION

The directors of the Company are responsible for the other information. The other information comprises all of the information included in the annual report, other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF DIRECTORS OF THE COMPANY AND AUDIT COMMITTEE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRS Accounting Standards issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors of the Company determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors of the Company are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors of the Company either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Audit Committee is responsible for overseeing the Group's financial reporting process.

Independent Auditor's Report

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion, solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors of the Company.
- Conclude on the appropriateness of the Company's directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Independent Auditor's Report

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS *(Continued)*

- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the group as a basis for forming an opinion on the group financial statements. We are responsible for the direction, supervision and review of the audit work performed for purposes of the group audit. We remain solely responsible for our audit opinion.

We communicate with audit committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide audit committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with audit committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Mr. Fok Tat Choi.

* The reserves comprises the Group's reserves of RMB8,667,000 (2025: RMB22,331,000) in the consolidated statement of financial position.

Notes:

(a) Reserve arising from reorganisation

The reserve arising from reorganisation represents the difference between the nominal value of the share capital of subsidiaries acquired and the cost of investments in these subsidiaries made by the Company in exchange thereof, and has been debited to the reserve of the Group.

(b) Equity transaction reserves

The equity transaction reserve represents (i) the effects of changes in the Group's ownership interests in existing subsidiaries without a loss of control and the consideration previously recognised for such transactions; and (ii) the difference between the principal amount and the fair value of shareholder loans at initial recognition, which is credited to equity as deemed contribution from shareholders. During the year ended 31 March 2025, an amount of approximately RMB4,753,000 was recognised as deemed contribution, and during the year ended 31 March 2026, a further amount of approximately RMB4,517,000 was recognised. Details of these shareholder loans are set out in note 22 to the consolidated financial statements.

(c) Share option reserve

The share option reserve reflects the accounting recognition of the cost associated with equity-settled share-based payment arrangements granted to directors and employees. It represents the portion of equity allocated in respect of options granted under such schemes, measured at fair value and expensed in the profit or loss.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

1. GENERAL INFORMATION

China Technology Industry Group Limited (the “Company”) was incorporated in the Cayman Islands as an exempted company with limited liability and its shares are listed on GEM of The Stock Exchange of Hong Kong Limited (the “Stock Exchange”). The addresses of the registered office and principal places of business of the Company are disclosed in the Corporation Information section to the annual report.

The Company acts as an investment holding company. The Company and its subsidiaries are collectively referred to as the “Group”. The Group is mainly engaged in: (a) sales of renewable energy products; (b) rendering of new energy power system integration services; (c) sale of electricity to CLP Power; (d) provision of rendering of engineering, procurement and construction and other related services; and (e) provision of rendering of inspection, operation, maintenance and other related services.

The consolidated financial statements are presented in Renminbi (“RMB”), which is also the functional currency of the Company.

The English names of all the companies established in the PRC presented in these consolidated financial statements represent the best efforts made by the directors of the Company for the translation of the Chinese names of these companies to English names as they do not have official English names.

2. APPLICATION OF NEW AND AMENDMENTS TO HKFRS Accounting Standards

Amendments to HKFRS Accounting Standard that are mandatorily effective for the current year

In the current year, the Group has applied the following amendments to HKFRS Accounting Standard issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”) for the first time, which are mandatorily effective for the annual periods beginning on 1 April 2025 for the preparation of the financial statements:

Amendments to HKAS 21

Lack of Exchangeability

The application of the amendments to HKFRS Accounting Standard in the current year has had no material effect on the Group’s financial performance and positions for the current and prior years and/or on the disclosures set out in these consolidated financial statements.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

2. APPLICATION OF NEW AND AMENDMENTS TO HKFRS Accounting Standards *(Continued)*

New and amendments to HKFRS Accounting Standard issued but not yet effective

The Group has not early applied the following new and amendments to HKFRS Accounting Standards that have been issued but are not yet effective:

Amendments to HKFRS 9 and HKFRS 7	Amendments to the Classification and Measurement of Financial Instruments ¹
Amendments to HKFRS 9 and HKFRS 7	Amendments to Contracts Referencing Nature-dependent Electricity ¹
Amendments to HKFRS Accounting Standards	Annual Improvement to HKFRS Accounting Standards – Volume 11 ¹
HKFRS 18	Presentation and Disclosure in Financial Statements ²

¹ Effective for annual periods beginning on or 1 January 2026.

² Effective for annual periods beginning on or 1 January 2027.

Except for the new and amendments to HKFRS Accounting Standards mentioned below, the directors of the Company anticipate that the application of these new and amendments to HKFRS Accounting Standards will have no material impact on the results and the financial position of the Group.

HKFRS 18 Presentation and Disclosure in Financial Statements

HKFRS 18 *Presentation and Disclosure in Financial Statements* (“HKFRS 18”), which sets out requirements on presentation and disclosures in financial statements, will replace HKAS 1 *Presentation of Financial Statements* (“HKAS 1”). This new HKFRS Accounting Standard, while carrying forward many of the requirements in HKAS 1, introduces new requirements to present specified categories and defined subtotals in the statement of profit or loss; provide disclosures on management-defined performance measures in the notes to the financial statements and improve aggregation and disaggregation of information to be disclosed in the financial statements. In addition, some HKAS 1 paragraphs have been moved to HKAS 8 *Accounting Policies, Changes in Accounting Estimates and Errors* (the title of which will be changed to *Basis of Preparation of Financial Statements* upon effective of HKFRS 18) and HKFRS 7 *Financial Instruments: Disclosures*. Minor amendments to HKAS 7 *Statement of Cash Flows* and HKAS 33 *Earnings per Share* are also made.

HKFRS 18, and amendments to other standards, will be effective for annual periods beginning on or after 1 January 2027, with early application permitted. HKFRS 18 requires retrospective application with specific transition provisions. The application of the new standard is not expected to have significant impact on the financial performance and positions of the Group in terms of recognition and measurement. However, it is expected to affect the structure and presentation of the consolidated statement of profit or loss.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

3. BASIS OF PRESENTATION AND PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND MATERIAL ACCOUNTING POLICY INFORMATION

3.1 Basis of preparation of consolidated financial statements

The consolidated financial statements have been prepared in accordance with HKFRS Accounting Standards issued by the HKICPA. For the purpose of preparation of the consolidated financial statements, information is considered material if such information is reasonably expected to influence decisions made by primary users. In addition, the consolidated financial statements include applicable disclosures required by the *Rules Governing the Listing of Securities on GEM of the Stock Exchange of Hong Kong Limited* ("GEM Listing Rules") and by the Hong Kong Companies Ordinance.

The consolidated financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values, at the end of each reporting period.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if participants would take those characteristics into account when pricing the asset or liability market at the measurement date.

Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of HKFRS 2 *Share-based Payment*, leasing transactions that are accounted for in accordance with HKFRS 16 *Leases*, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in HKAS 2 *Inventories* or value in use in HKAS 36 *Impairment of Assets*.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

3. BASIS OF PRESENTATION AND PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND MATERIAL ACCOUNTING POLICY INFORMATION *(Continued)*

3.2 *Basis of presentation of consolidated financial statements*

The directors of the Company have, at the time of approving the consolidated financial statements, a reasonable expectation that the Group has adequate resources to continue in operational existence for the foreseeable future. Thus, they continue to adopt the going concern basis of accounting in preparing the consolidated financial statements.

In preparing the consolidated financial statements of the Group, the directors have given consideration to the future liquidity of the Group in light of the Group incurred a net loss attributable to the owners of the Company of approximately RMB18,181,000 (2025: RMB22,751,000) for the year ended 31 March 2026 and as of that date, the Group's accumulated losses was of approximately RMB111,980,000 (2025: RMB93,799,000) and the Group's contracted but not provided for capital commitments were of approximately RMB12,544,000 (2025: RMB197,770,000), while its bank balances and cash amounted to approximately RMB3,564,000 (2025: RMB6,583,000) only.

The directors have reviewed the current performance and cash flows forecast prepared by the management as part of their assessment of the Group's ability to continue as a going concern, and after carefully considering the matters described below, the directors have a reasonable expectation that the Group is able to continue as a going concern for at least the next twelve months from the end of the reporting period and to meet its obligations, as and when they fall due, having regard to the following:

- (a) On 26 June 2026, the Group obtained letters of undertaking from three shareholders of the Company and pursuant to which these shareholders agreed to provide financial support to the Group so that the Group will be able to meet all financial obligations as and when they fall due in the coming twelve months from the date of the consolidated financial statements;
- (b) The directors of the Company are considering to improve the financial position of the Group and to enlarge the capital base of the Company by conducting fund raising exercises such as share placement, rights issues or others when necessary and also to look for new and additional funding opportunities with existing and new creditors to obtain new financing at a reasonable cost; and
- (c) The Group continues to take active measures to control operational and administrative costs and control capital expenditures.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

3. BASIS OF PRESENTATION AND PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND MATERIAL ACCOUNTING POLICY INFORMATION *(Continued)*

3.3 Material accounting policy information

Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company and its subsidiaries.

Control is achieved where the Group has: (i) the power over the investee; (ii) exposure, or rights, to variable returns from its involvement with the investee; and (iii) the ability to use its power over the investee to affect the amount of the Group's returns.

The Group reassesses whether it controls an investee if facts and circumstances indicate that there are changes to one or more of these elements of control stated above.

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary.

Specially, income and expenses of subsidiaries are included in the consolidated statement of profit or loss and other comprehensive income from the date the Group gains control until the date when the Group ceases to control the subsidiary.

Profit or loss and each item of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies.

All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

Business Combinations

Acquisitions of businesses are accounted for using the acquisition method. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition-date fair values of the assets transferred by the Group, liabilities incurred by the Group to the former owners of the acquiree and the equity interests issued by the Group in exchange for control of the acquiree. Acquisition-related costs are generally recognised in profit or loss as incurred.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

3. BASIS OF PRESENTATION AND PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND MATERIAL ACCOUNTING POLICY INFORMATION *(Continued)*

3.3 Material accounting policy information *(Continued)*

Business Combinations (Continued)

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their fair value, except that:

- Deferred tax assets or liabilities, and assets or liabilities related to employee benefit arrangements are recognised and measured in accordance with HKAS 12 *Income Taxes* and HKAS 19 *Employee Benefits* respectively;
- liabilities or equity instruments related to share-based payment arrangements of the acquiree or share-based payment arrangements of the Group entered into to replace share-based payment arrangements of the acquiree are measured in accordance with HKFRS 2 *Inventories* at the acquisition date (see the accounting policy below);
- assets (or disposal groups) that are classified as held for sale in accordance with HKFRS 5 *Non-current Assets Held for Sale and Discontinued Operations* are measured in accordance with that standard; and
- lease liabilities are recognised and measured at the present value of the remaining lease payments (as defined in HKFRS 16 *Leases*) as if the acquired leases were new leases at the acquisition date, except for leases for which (a) the lease term ends within 12 months of the acquisition date; or (b) the underlying asset is of low value. Right-of-use assets are recognised and measured at the same amount as the relevant lease liabilities, adjusted to reflect favourable or unfavourable terms of the lease when compared with market terms.

Goodwill is measured as the excess of the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree, and the fair value of the acquirer's previously held equity interest in the acquiree (if any) over the net amount of the identifiable assets acquired and the liabilities assumed as at acquisition date. If, after re-assessment, the net amount of the identifiable assets acquired and liabilities assumed exceeds the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree and the fair value of the acquirer's previously held interest in the acquiree (if any), the excess is recognised immediately in profit or loss as a bargain purchase gain.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

3. BASIS OF PRESENTATION AND PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND MATERIAL ACCOUNTING POLICY INFORMATION *(Continued)*

3.3 Material accounting policy information *(Continued)*

Goodwill

Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business (see the accounting policy above) less accumulated impairment losses, if any.

For the purposes of impairment testing, goodwill is allocated to each of the Group's cash-generating units ("CGUs") (or group of CGUs) that is expected to benefit from the synergies of the combination, which represent the lowest level at which the goodwill is monitored for internal management purposes and not larger than an operating segment.

A CGU (or group of CGUs) to which goodwill has been allocated is tested for impairment annually or more frequently when there is indication that the unit may be impaired. For goodwill arising on an acquisition in a reporting period, the CGU (or group of CGUs) to which goodwill has been allocated is tested for impairment before the end of that reporting period. If the recoverable amount is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill and then to the other assets on a pro-rata basis based on the carrying amount of each asset in the unit (or group of CGUs).

On disposal of the relevant CGU or any of the CGU within the group of CGUs, the attributable amount of goodwill is included in the determination of the amount of profit or loss on disposal. When the Group disposes of an operation within the CGU (or a CGU within a group of CGUs), the amount of goodwill disposed of is measured on the basis of the relative values of the operation (or the CGU) disposed of and the portion of the CGU (or the group of CGUs) retained.

Revenue recognition

Revenue is recognised to depict the transfer of promised goods and services to customers at an amount that reflects the consideration to which an entity expects to be entitled in exchange for those goods or services to a customer. Specifically, the Group uses a five-step approach to recognise revenue:

- Step 1: Identify the contract(s) with a customer
- Step 2: Identify the performance obligations in the contract
- Step 3: Determine the transaction price
- Step 4: Allocate the transaction price to the performance obligations in the contract
- Step 5: Recognise revenue when (or as) the Group satisfies a performance obligation

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

3. BASIS OF PRESENTATION AND PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND MATERIAL ACCOUNTING POLICY INFORMATION *(Continued)*

3.3 Material accounting policy information *(Continued)*

Revenue recognition (Continued)

The Group recognises revenue when (or as) a performance obligation is satisfied, i.e. when “control” of the goods or services underlying the particular performance obligation is transferred to customers.

A performance obligation represents a good or service (or a bundle of goods or services) that is distinct or a series of distinct goods or services that are substantially the same.

Control is transferred over time and revenue is recognised over time by reference to the progress towards complete satisfaction of the relevant performance obligation if one of the following criteria is met:

- the customer simultaneously receives and consumes the benefits provided by the Group’s performance as the Group performs;
- the Group’s performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
- the Group’s performance does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

Otherwise, revenue is recognised at a point in time when the customer obtains control of the distinct good or service.

Revenue is measured based on the consideration specified in a contract with a customer, excludes amounts collected on behalf of third parties, discounts and sales related taxes.

Contract assets and contract liabilities

A contract asset represents the Group’s right to consideration in exchange for goods or services that the Group has transferred to a customer that is not yet unconditional. It is assessed for impairment in accordance with HKFRS 9 *Financial Instruments*. In contrast, a receivable represents the Group’s unconditional right to consideration, i.e. only the passage of time is required before payment of that consideration is due.

A contract liability represents the Group’s obligation to transfer goods or services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer. A contract liability would also be recognised if the Group has an unconditional right to receive consideration before the Group recognises the related revenue. In such cases, a corresponding receivable would also be recognised.

For a single contract with the customer, either a net contract asset or a net contract liability is presented. For multiple contracts, contract assets and contract liabilities of unrelated contracts are not presented on a net basis.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

3. BASIS OF PRESENTATION AND PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND MATERIAL ACCOUNTING POLICY INFORMATION *(Continued)*

3.3 Material accounting policy information *(Continued)*

Revenue recognition (Continued)

Over time revenue recognition: measurement of progress towards complete satisfaction of a performance obligation (output method)

The progress towards complete satisfaction of a performance obligation is measured based on output method, which is to recognise revenue on the basis of direct measurements of the value of the goods or services transferred to the customer to date relative to the remaining goods or services promised under the contract, that best depict the Group's performance in transferring control of goods or services.

The Group's rendering of new energy power system integration services is recognised over time using an output method, based on direct measurements of the value of services transferred to customers to date relative to the remaining services promised under the contracts.

Principal versus agent

When another party is involved in providing goods or services to a customer, the Group determines whether the nature of its promise is a performance obligation to provide the specified goods or services itself (i.e. the Group is a principal) or to arrange for those goods or services to be provided by the other party (i.e. the Group is an agent).

The Group is a principal if it controls the specified good or service before that good or service is transferred to a customer.

The Group is an agent if its performance obligation is to arrange for the provision of the specified good or service by another party. In this case, the Group does not control the specified good or service provided by another party before that good or service is transferred to the customer. When the Group acts as an agent, it recognises revenue in the amount of any fee or commission to which it expects to be entitled in exchange for arranging for the specified goods or services to be provided by the other party.

Further information about the Group's accounting policies relating to revenue from contracts with customers is provided in note 6 to the consolidated financial statements.

Notes to the Consolidated Financial Statements

3. BASIS OF PRESENTATION AND PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND MATERIAL ACCOUNTING POLICY INFORMATION *(Continued)*

3.3 Material accounting policy information *(Continued)*

Leases

Definition of a lease

A contract is, or contains, a lease if the contract conveys a right to control the use of an identified asset for a period of time in exchange for consideration.

For contracts entered into or modified on or after the date of initial application of HKFRS 16 *Leases* or arising from business combinations, the Group assesses whether a contract is or contains a lease based on the definition under HKFRS 16 *Leases* at inception, modification date or acquisition date, as appropriate. Such contract will not be reassessed unless the terms and conditions of the contract are subsequently changed.

The Group as a lessee

Allocation of consideration to components of a contract

For a contract that contains a lease component and one or more additional lease or non-lease components, the Group allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components, including contract for acquisition of ownership interests of a property which includes both leasehold land and non-lease building components, unless such allocation cannot be made reliably.

The Group applies practical expedient not to separate non-lease components from lease component, and instead account for the lease component and any associated non-lease components as a single lease component.

Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option. It also applies the recognition exemption for lease of low-value assets. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are consumed.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

3. BASIS OF PRESENTATION AND PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND MATERIAL ACCOUNTING POLICY INFORMATION *(Continued)*

3.3 Material accounting policy information *(Continued)*

Leases (Continued)

The Group as a lessee (Continued)

Right-of-use assets

The cost of right-of-use asset includes:

- the amounts of the initial measurement of the lease liabilities;
- any lease payments made at or before the commencement date, less any lease incentives received;
- any initial direct costs incurred by the Group; and
- an estimate of costs to be incurred by the Group in dismantling and removing the underlying assets, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease.

Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities.

Right-of-use assets in which the Group is reasonably certain to obtain ownership of the underlying leased assets at the end of the lease term are depreciated from commencement date to the end of the useful life. Otherwise, right-of-use assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term.

When the Group obtains ownership of the underlying leased assets at the end of the lease term, upon exercising purchase options, the cost of the relevant right-of-use assets and the related accumulated depreciation and impairment loss are transferred to property, plant and equipment.

The Group presents right-of-use assets as a separate line item on the consolidated statement of financial position.

Refundable rental deposits

Refundable rental deposits paid are accounted under HKFRS 9 *Financial Instruments* and initially measured at fair value. Adjustments to fair value at initial recognition are considered as additional lease payments and included in the cost of right-of-use assets.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

3. BASIS OF PRESENTATION AND PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND MATERIAL ACCOUNTING POLICY INFORMATION *(Continued)*

3.3 Material accounting policy information *(Continued)*

Leases (Continued)

The Group as a lessee (Continued)

Lease liabilities

At the commencement date, the Group measures lease liabilities at the present value of the lease payments that are not paid at that date. In calculating the present value of lease payments, the Group uses the incremental borrowing rate at the lease commencement date if the interest rate implicit in the lease is not readily determinable. The incremental borrowing rate depends on the term, currency and start date of the lease and is determined based on a series of inputs.

Lease payments included in the measurement of the lease liability comprise:

- fixed lease payments (including in-substance fixed payments), less any lease incentives receivable;
- variable lease payments that depend on an index or rate, initially measured using the index or rate at the commencement date;
- the amount expected to be payable by the lessee under residual value guarantees;
- the exercise price of purchase options if the lessee is reasonably certain to exercise the options; and
- payments of penalties for terminating the lease, if the lease term reflects the Group exercising an option to terminate the lease.

After the commencement date, lease liabilities are adjusted by interest accretion and lease payments.

The Group remeasures lease liabilities (and makes a corresponding adjustment to the related right-of-use assets) whenever:

- the lease term has changed or there is a change in the assessment of exercise of a purchase option, in which case the related lease liability is remeasured by discounting the revised lease payments using a revised discount rate at the date of reassessment.
- the lease payments change due to changes in market rental rates following a market rent review, in which cases the related lease liability is remeasured by discounting the revised lease payments using the initial discount rate.

The lease liability is presented as a separate line in the consolidated statement of financial position.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

3. BASIS OF PRESENTATION AND PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND MATERIAL ACCOUNTING POLICY INFORMATION *(Continued)*

3.3 Material accounting policy information *(Continued)*

Leases (Continued)

The Group as a lessee (Continued)

Lease liabilities (Continued)

Lease modifications

The Group accounts for a lease modification as a separate lease if:

- the modification increases the scope of the lease by adding the right to use one or more underlying assets; and
- the consideration for the leases increases by an amount commensurate with the stand-alone price for the increase in scope and any appropriate adjustments to that stand-alone price to reflect the circumstances of the particular contract.

For a lease modification that is not accounted for as a separate lease, the Group remeasures the lease liability, less any lease incentives receivable, based on the lease term of the modified lease by discounting the revised lease payments using a revised discount rate at the effective date of the modification.

The Group accounts for the remeasurement of lease liabilities by making corresponding adjustments to the relevant right-of-use asset.

Foreign currencies

In preparing the financial statements of each individual group entity, transactions in currencies other than the functional currency of that entity (foreign currencies) are recognised at the rates of exchanges prevailing on the dates of the transactions. At the end of the reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items, and on the retranslation of monetary items, are recognised in profit or loss in the period in which they arise.

For the purposes of presenting the consolidated financial statements, the assets and liabilities of the Group's foreign operations are translated into the presentation currency of the Group (i.e. Renminbi ("RMB")) using exchange rates prevailing at the end of each reporting period. Income and expenses items are translated at the average exchange rates for the year. Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in equity under the heading of exchange reserve (attributed to non-controlling interests as appropriate).

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

3. BASIS OF PRESENTATION AND PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND MATERIAL ACCOUNTING POLICY INFORMATION *(Continued)*

3.3 Material accounting policy information *(Continued)*

Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets until such time as the assets are substantially ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

Employee benefits

Retirement benefits costs

Payments to the state-managed retirement benefit schemes and Mandatory Provident Fund Scheme ("MPF Scheme") are recognised as an expense when employees have rendered service entitling them to the contributions.

Short-term employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from "(loss) profit before taxation" because of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

3. BASIS OF PRESENTATION AND PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND MATERIAL ACCOUNTING POLICY INFORMATION *(Continued)*

3.3 Material accounting policy information *(Continued)*

Taxation (Continued)

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rate (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

For the purposes of measuring deferred tax for leasing transactions in which the Group recognises the right-of-use assets and the related lease liabilities, the Group first determines whether the tax deductions are attributable to the right-of-use assets or the lease liabilities.

For leasing transactions in which the tax deductions are attributable to the lease liabilities, the Group applies HKAS 12 *Income Taxes* requirements to the leasing transaction as a whole. Temporary differences relating to right-of-use assets and lease liabilities are assessed on a net basis. Excess of depreciation on right-of-use assets over the lease payments for the principal portion of lease liabilities resulting in net deductible temporary differences.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied to the same taxation entity by the same taxation authority.

Current and deferred tax are recognised in profit or loss.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

3. BASIS OF PRESENTATION AND PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND MATERIAL ACCOUNTING POLICY INFORMATION *(Continued)*

3.3 Material accounting policy information *(Continued)*

Property and equipment

Property and equipment are tangible assets that are held for use in the production or supply of goods or services, or for administrative purposes (other than construction in progress as described below). Property and equipment are stated in the consolidated statement of financial position at cost less subsequent accumulated depreciation and subsequent accumulated impairment losses, if any.

Construction in progress is carried at cost, less any recognised impairment loss. Costs include any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management, including costs of testing whether the related assets is functioning properly and, for qualifying assets, borrowing costs capitalised in accordance with the Group's accounting policy. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Depreciation is recognised so as to write off the cost of assets other than construction in progress over their estimated useful lives, using the straight-line method. The estimated useful lives and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Impairment on property and equipment and right-of-use assets

At the end of the reporting period, the Group reviews the carrying amounts of its property and equipment and right-of-use assets to determine whether there is any indication that these assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the relevant asset is estimated in order to determine the extent of the impairment loss (if any).

The recoverable amount of property and equipment and right-of-use assets are estimated individually. When it is not possible to estimate the recoverable amount individually, the Group estimates the recoverable amount of the CGU to which the asset belongs.

In testing a CGU for impairment, corporate assets are allocated to the relevant CGU when a reasonable and consistent basis of allocation can be established, or otherwise they are allocated to the smallest group of CGUs for which a reasonable and consistent allocation basis can be established. The recoverable amount is determined for the CGU or group of CGUs to which the corporate asset belongs, and is compared with the carrying amount of the relevant CGU or group of CGUs.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset (or a CGU) for which the estimates of future cash flows have not been adjusted.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

3. BASIS OF PRESENTATION AND PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND MATERIAL ACCOUNTING POLICY INFORMATION *(Continued)*

3.3 Material accounting policy information *(Continued)*

Impairment on property and equipment and right-of-use assets (Continued)

If the recoverable amount of an asset (or a CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or a CGU) is reduced to its recoverable amount. For corporate assets or portion of corporate assets which cannot be allocated on a reasonable and consistent basis to a CGU, the Group compares the carrying amount of a group of CGUs, including the carrying amounts of the corporate assets or portion of corporate assets allocated to that group of CGUs, with the recoverable amount of the group of CGUs. In allocating the impairment loss, the impairment loss is allocated first to reduce the carrying amount of any goodwill (if applicable) and then to the other assets on a pro-rata basis based on the carrying amount of each asset in the unit or the group of CGUs. The carrying amount of an asset is not reduced below the highest of its fair value less costs of disposal (if measurable), its value in use (if determinable) and zero. The amount of the impairment loss that would otherwise have been allocated to the asset is allocated pro rata to the other assets of the unit or the group of CGUs. An impairment loss is recognised immediately in profit or loss.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or CGU or a group of CGUs) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or a CGU or a group of CGUs) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

Cash and cash equivalents

Cash and cash equivalents presented on the consolidated statement of financial position include: (a) cash, which comprises of cash on hand and demand deposits, excluding bank balances that are subject to regulatory restrictions that result in such balances no longer meeting the definition of cash; and (b) cash equivalents, which comprises of short-term (generally with original maturity of three months or less), highly liquid investments that are readily convertible to a known amount of cash and which are subject to an insignificant risk of changes in value. Cash equivalents are held for the purpose of meeting short-term cash commitments rather than for investment or other purposes.

For the purposes of the consolidated statement of cash flows, cash and cash equivalents consist of cash and cash equivalents as defined above, net of outstanding bank overdrafts which are repayable on demand and form an integral part of the Group's cash management. Such overdrafts are presented as short-term borrowings in the consolidated statement of financial position.

Bank balances for which use by the Group is subject to third party contractual restrictions are included as part of cash unless the restrictions result in a bank balance no longer meeting the definition of cash.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

3. BASIS OF PRESENTATION AND PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND MATERIAL ACCOUNTING POLICY INFORMATION *(Continued)*

3.3 Material accounting policy information *(Continued)*

Financial instruments

Financial assets and financial liabilities are recognised in the consolidated statement of financial position when a group entity becomes a party to the contractual provisions of the instrument. All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place.

Financial assets and financial liabilities are initially measured at fair value, except for trade receivables arising from contracts with customers which are initially measured in accordance with HKFRS 15 *Revenue from Contracts with Customers*. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets or financial liabilities at fair value through profit or loss) ("FVTPL") are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at FVTPL are recognised immediately in profit or loss.

The effective interest method is a method of calculating the amortised cost of a financial asset or financial liability and of allocating interest income and interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts and payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial asset or financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Interest income which are derived from the Group's ordinary course of business is included in the "other revenue – bank interest income" line item.

Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established generally by regulation or convention in the market place concerned.

All recognised financial assets are measured subsequently in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Classification and subsequent measurement of financial assets

Financial assets that meet the following conditions are subsequently measured at amortised cost:

- the financial asset is held within a business model whose objective is to collect contractual cash flows; and
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

3. BASIS OF PRESENTATION AND PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND MATERIAL ACCOUNTING POLICY INFORMATION *(Continued)*

3.3 Material accounting policy information *(Continued)*

Financial instruments (Continued)

Financial assets (Continued)

Classification and subsequent measurement of financial assets *(Continued)*

Financial assets that meet the following conditions are subsequently measured at fair value through other comprehensive income ("FVTOCI"):

- the financial asset is held within a business model whose objective is achieved by both selling and collecting contractual cash flows; and
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All other financial assets are subsequently measured at FVTPL.

A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling in the near term; or
- on initial recognition it is a part of a portfolio of identified financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

The Group may irrevocably designate a financial asset that are required to be measured at the amortised cost or FVTOCI as measured at FVTPL if doing so eliminates or significantly reduces an accounting mismatch.

(i) Amortised cost and effective interest method

Interest income is recognised using the effective interest method for financial assets measured subsequently at amortised cost. Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset, except for financial assets that have subsequently become credit-impaired (see below). For financial assets that have subsequently become credit-impaired, interest income is recognised by applying the effective interest rate to the amortised cost of the financial asset from the next reporting period. If the credit risk on the credit impaired financial instrument improves so that the financial asset is no longer credit-impaired, interest income is recognised by applying the effective interest rate to the gross carrying amount of the financial asset from the beginning of the reporting period following the determination that the asset is no longer credit-impaired.

(ii) Equity instruments designated as at FVTOCI

Investments in equity instruments at FVTOCI are subsequently measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the FVTOCI reserve; and are not subject to impairment assessment. The cumulative gain or loss will not be reclassified to profit or loss on disposal of the equity investments, and will be transferred to retained profits.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

3. BASIS OF PRESENTATION AND PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND MATERIAL ACCOUNTING POLICY INFORMATION *(Continued)*

3.3 Material accounting policy information *(Continued)*

Financial instruments (Continued)

Financial assets (Continued)

Classification and subsequent measurement of financial assets *(Continued)*

(iii) Financial assets at FVTPL

Financial assets that do not meet the criteria for being measured at amortised cost or FVTOCI or designated as FVTOCI are measured at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any fair value gains or losses recognised in profit or loss. The net gain or loss recognised in profit or loss includes any dividend or interest earned on the financial asset and is included in the "other gains and losses, net" line item.

Impairment of financial assets and other items subject to impairment assessment under HKFRS 9

The Group recognises a loss allowance for ECL on financial assets that are measured at amortised cost and contract assets. The amount of ECL is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial instrument.

The Group always recognises lifetime ECL for account receivables and contract assets and records lifetime ECL that results from all possible default events over the expected life of these financial instruments. The ECL on these financial assets are estimated using a provision matrix based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate. The ECL on these financial assets are assessed individually for each debtor and those balances that are credit-impaired.

For other financial instruments, the Group measures the loss allowance equal to 12-month ECL. The 12-month ECL is the portion of lifetime ECL that results from possible default events within 12 months after the reporting date, unless when there has been a significant increase in credit risk since initial recognition of the financial instrument, the allowance will be based on the lifetime ECL. The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition.

(i) Significant increase in credit risk

In assessing whether the credit risk has increased significantly since initial recognition, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition. In making this assessment, the Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort. Forward-looking information considered includes the future prospects of the industries in which the Group's debtors operate, obtained from economic expert reports, financial analysts, governmental bodies, relevant think-tanks and other similar organisations, as well as consideration of various external sources of actual and forecast economic information that relate to the Group's operations.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

3. BASIS OF PRESENTATION AND PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND MATERIAL ACCOUNTING POLICY INFORMATION *(Continued)*

3.3 Material accounting policy information *(Continued)*

Financial instruments (Continued)

Financial assets (Continued)

Impairment of financial assets and other items subject to impairment assessment under HKFRS 9 *(Continued)*

(i) Significant increase in credit risk *(Continued)*

In particular, the following information is taken into account when assessing whether credit risk has increased significantly:

- an actual or expected significant deterioration in the financial instrument's external (if available) or internal credit rating;
- significant deterioration in external market indicators of credit risk, e.g. a significant increase in the credit spread, the credit default swap prices for the debtor;
- existing or forecast adverse changes in business, financial or economic conditions that are expected to cause a significant decrease in the debtor's ability to meet its debt obligations;
- an actual or expected significant deterioration in the operating results of the debtor;
- significant increases in credit risk on other financial instruments of the same debtor;
- an actual or expected significant adverse change in the regulatory, economic, or technological environment of the debtor that results in a significant decrease in the debtor's ability to meet its debt obligations.

Irrespective of the outcome of the above assessment, the Group presumes that the credit risk has increased significantly since initial recognition when contractual payments are more than 30 days past due, unless the Group has reasonable and supportable information that demonstrates otherwise.

Despite the foregoing, the Group assumes that the credit risk on a debt instrument has not increased significantly since initial recognition if the debt instrument is determined to have low credit risk at the reporting date. A debt instrument is determined to have low credit risk if (i) it has a low risk of default, (ii) the borrower has a strong capacity to meet its contractual cash flow obligations in the near term and (iii) adverse changes in economic and business conditions in the longer term may, but will not necessarily, reduce the ability of the borrower to fulfill its contractual cash flow obligations. The Group considers a debt asset to have low credit risk when the asset has an external credit rating of "investment grade" in accordance with the globally understood definition or if an external rating is not available, the asset has an internal rating of "low risk". Low risk means that the counterparty has a strong financial position and there is no past due amounts.

The Group regularly monitors the effectiveness of the criteria used to identify whether there has been a significant increase in credit risk and revises them as appropriate to ensure that the criteria are capable of identifying significant increase in credit risk before the amount becomes past due.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

3. BASIS OF PRESENTATION AND PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND MATERIAL ACCOUNTING POLICY INFORMATION *(Continued)*

3.3 Material accounting policy information *(Continued)*

Financial instruments (Continued)

Financial assets (Continued)

Impairment of financial assets and other items subject to impairment assessment under HKFRS 9 *(Continued)*

(ii) Definition of default

The Group considers the following as constituting an event of default for internal credit risk management purposes as historical experience indicates that receivables that meet either of the following criteria are generally not recoverable:

- when there is a breach of financial covenants by the debtor; or
- information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Group, in full (without taking into account any collaterals held by the Group).

The Group considers that default has occurred when a financial asset is more than 90 days past due unless the Group has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

(iii) Credit-impaired financial assets

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired includes observable data about the following events:

- significant financial difficulty of the issuer or the borrower;
- a breach of contract, such as a default or past due event;
- the lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider;
- it is becoming probable that the borrower will enter into bankruptcy or other financial reorganisation; or
- the disappearance of an active market for that financial asset because of financial difficulties.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

3. BASIS OF PRESENTATION AND PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND MATERIAL ACCOUNTING POLICY INFORMATION *(Continued)*

3.3 Material accounting policy information *(Continued)*

Financial instruments (Continued)

Financial assets (Continued)

Impairment of financial assets and other items subject to impairment assessment under HKFRS 9 *(Continued)*

(iv) Write-off policy

The Group writes off a financial asset when there is information indicating that the debtor is in severe financial difficulty and there is no realistic prospect of recovery, e.g. when the counterparty has been placed under liquidation or has entered into bankruptcy proceedings, etc, whichever occurs sooner. Financial assets written off may still be subject to enforcement activities under the Group's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in profit or loss.

(v) Measurement and recognition of ECL

The measurement of ECL is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information as described above. As for the exposure at default, for financial assets, this is represented by the assets' gross carrying amount at the reporting date.

For financial assets, the ECL is estimated as the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive, discounted at the original effective interest rate.

If the Group has measured the loss allowance for a financial instrument at an amount equal to lifetime ECL in the previous reporting period, but determines at the current reporting date that the conditions for lifetime ECL are no longer met, the Group measures the loss allowance at an amount equal to 12-month ECL at the current reporting date, except for assets for which simplified approach was used.

The Group recognises an Impairment gain or loss in profit or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account.

Derecognition of financial assets

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

3. BASIS OF PRESENTATION AND PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND MATERIAL ACCOUNTING POLICY INFORMATION *(Continued)*

3.3 Material accounting policy information *(Continued)*

Financial instruments (Continued)

Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by a group entity are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

Financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies, and financial guarantee contracts issued by the Group, are measured in accordance with the specific accounting policies set out below.

Financial liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is (1) contingent consideration of an acquirer in a business combination to which HKFRS 3 *Business Combinations* applies, (2) held for trading, or (3) it is designated as at FVTPL.

A financial liability is classified as held for trading if:

- it has been acquired principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative, except for a derivative that is a financial guarantee contract or a designated and effective hedging instrument.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

3. BASIS OF PRESENTATION AND PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND MATERIAL ACCOUNTING POLICY INFORMATION *(Continued)*

3.3 Material accounting policy information *(Continued)*

Financial instruments (Continued)

Financial liabilities and equity instruments (Continued)

Financial liabilities at FVTPL (Continued)

A financial liability other than a financial liability held for trading or contingent consideration of an acquirer in a business combination may be designated as at FVTPL upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise; or
- the financial liability forms part of a group of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Group's documented risk management or investment strategy, and information about the grouping is provided internally on that basis; or
- it forms part of a contract containing one or more embedded derivatives, and HKFRS 9 *Financial Instruments* permits the entire combined contract to be designated as at FVTPL.

Financial liabilities at FVTPL are stated at fair value with any gains or losses arising on changes in fair value recognised in profit or loss to the extent that they are not part of a designated hedging relationship. The net gain or loss recognised in profit or loss incorporates any interest paid on the financial liabilities and is included in consolidated statement of profit or loss and other comprehensive income.

Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not (1) contingent consideration of an acquirer in a business combination, (2) held-for-trading, or (3) designated as at FVTPL, are subsequently measured at amortised cost using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the amortised cost of a financial liability.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

3. BASIS OF PRESENTATION AND PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND MATERIAL ACCOUNTING POLICY INFORMATION *(Continued)*

3.3 Material accounting policy information *(Continued)*

Financial instruments (Continued)

Financial liabilities and equity instruments (Continued)

Convertible bonds

A conversion option that will be settled other than by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Group's own equity instruments is a conversion option derivative.

At the date of issue, both the debt component and derivative components are recognised at fair value. In subsequent periods, the debt component of the convertible bonds is carried at amortised cost using the effective interest method. The derivative component is measured at fair value with changes in fair value recognised in profit or loss.

Transaction costs that relate to the issue of the convertible bonds are allocated to the debt and derivative components in proportion to their relative fair values. Transaction costs relating to the derivative component are charged to profit or loss immediately. Transaction costs relating to the debt component are included in the carrying amount of the debt portion and amortised over the period of the convertible bonds using the effective interest method.

Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

Derivative financial instruments

Derivatives are initially recognised at fair value at the date when derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in profit or loss.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

3. BASIS OF PRESENTATION AND PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND MATERIAL ACCOUNTING POLICY INFORMATION *(Continued)*

3.3 Material accounting policy information *(Continued)*

Related parties

A party is considered to be related to the Group if:

- (i) A person, or a close member of that person's family, is related to the group if that person:
 - (1) has control or joint control over the group;
 - (2) has significant influence over the group;
 - (3) is a member of the key management personnel of the group or the group's parent.
- (ii) An entity is related to the group if any of the following conditions applies:
 - (1) The entity and the group are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
 - (2) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
 - (3) Both entities are joint ventures of the same third party.
 - (4) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.
 - (5) The entity is a post-employment benefit plan for the benefit of employees of either the group or an entity related to the group.
 - (6) The entity is controlled or jointly controlled by a person identified in (i) above.
 - (7) A person identified in (i)(1) above has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).
 - (8) The entity, or any member of a group of which it is a part, provides key management personnel services to the group or to the group's parent.

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity and include:

- (i) that person's children and spouse or domestic partner;
- (ii) children of that person's spouse or domestic partner; and
- (iii) dependents of that person or that person's spouse or domestic partner.

Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (the "CODM"). The CODM, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the executive directors that make strategic decisions.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

4. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Group's accounting policies, which are described in note 3.3, the directors of the Company are required to make judgements, estimates and assumptions about the amounts of assets, liabilities, revenue and expenses reported and disclosures made in the consolidated financial statements. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Critical judgements in applying accounting policies

The followings are the critical judgements, apart from those involving estimations (see below), that the directors of the Company have made in the process of applying the Group's accounting policies and that have the most significant effect on the amounts recognised and disclosures made in the consolidated financial statements.

Principal versus agent consideration (principal)

The Group engages in sales of renewable energy products. In determining whether the Group is acting as a principal or as an agent in the sales of goods requires judgement and consideration of all relevant facts and circumstances. In evaluation of the Group acting as a principal or an agent, the Group considers whether it obtains control of the goods and if necessary, also considers individually or in combination, whether the Group is primarily responsible for fulfilling the contracts, is subject to inventory risk, has discretion in establishing prices for the goods. Significant judgement is required when inventory risk is not significant. Having considered the relevant facts and circumstances, management considers that the Group obtains control of renewable energy products sold before the goods are transferred to the customers. Accordingly, the Group is acting as a principal and the corresponding revenue is presented on a gross basis.

Key sources of estimation uncertainty

The followings are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of resulting in a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

4. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY *(Continued)*

Key sources of estimation uncertainty (Continued)

Provision of ECL for account receivables

Account receivables that with significant outstanding balances are assessed for ECL individually. The loss allowance amount of the credit-impaired account receivables is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows with the consideration of expected future credit losses. In addition, the management of the Group estimates the amount of lifetime ECL of the remaining account receivables are determined after considering internal credit ratings of trade debtors, repayment history and/or past due status of respective account receivables.

The Group uses a provision of matrix to calculate ECL for trade receivables which is not credit-impaired. The provision rates are based on days past due for groupings of various debtors that have similar loss patterns. The provision matrix is based on management's estimate of the lifetime expected credit losses to be incurred, which is estimated by taking into account the credit loss experience, ageing of overdue trade receivables, customers' repayment history, and their financial position and an assessment of both the current and foreign general economic conditions and forward-looking information that is reasonable and supportable available without undue costs or effort. At every reporting date, the historical observed default rates are reassessed and changes in the forward-looking information are considered. The provision of ECL is sensitive to changes in circumstances and of forecast general economic conditions and the selection of forward-looking macroeconomic scenarios.

The provision for ECL for account receivables is sensitive to changes in estimates.

The information about the ECL for account receivables and the Group's account receivables are disclosed in notes 29 and 19, respectively.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

5. SEGMENT INFORMATION

Operating Segments

Information reported to the executive directors of the Company, being the chief operating decision maker (“CODM”) for the purposes of resource allocation and assessment of segment performance focuses on types of goods or services delivered or provided.

Specifically, during the years ended 31 March 2025 and 31 March 2026, the Group’s reportable segments under HKFRS 8 *Operating Segments* are as follows:

- (1) Sales of Renewable Energy Products; and
- (2) New Energy Power System Integration and Sales of Electricity Business.

As described in note 17(i), during the year ended 31 March 2025, the Group entered into the licence agreements for the purpose to sell of the electricity to CLP Power and thus, the Group extended its business in the New Energy Power System Integration and Sales of Electricity Business.

During the year ended 31 March 2026, the Company is constantly exploring opportunities for business expansion and diversification and thus, the Group extended its businesses which are included in the New Energy Power System Integration and Sales of Electricity Business segment as following:

- (1) Provision of inspection, operation, maintenance and other related service
 - (i) Pursuant to the announcement of the Company dated 25 June 2025, the Group entered into a service agreement with a connected party, Hebei Fengbei New Energy Co., Ltd. (“Hebei Fengbai”) in the provision of operation and maintenance services to photovoltaic power stations for a term of three years from 1 July 2025 to 30 June 2028, with service fees payable monthly.
 - (ii) Pursuant to the announcement of the Company dated 11 November 2026, the Group entered into service agreements with an independent third party in the provision of operation and maintenance services to photovoltaic power stations for a three-year term, with service fees payable monthly.
 - (iii) Pursuant to the announcement of the Company dated 31 October 2026, the Group entered into service agreements with an independent third party in the provision of inspection, maintenance, repair, technical support, cleaning and other related services for the solar panel power generation equipment of the customers. The agreement has an initial term of two years, which is automatically renewable for another two years, with service fees payable monthly.
- (2) Provision of engineering, procurement and construction and other related services

Pursuant to the announcements of the Company dated 24 November 2026 and 10 December 2026, the Group entered into service agreements with an independent third party in the provision of engineering, procurement and construction and other related services for the construction of electric vehicle charging facilities.

Income tax expense				–
Loss for the year				(22,751)

The accounting policies of the operating segments are the same as the Group's accounting policies described in note 3.3.

Segment profit (loss) represents the profit earned by or loss incurred from each segment without allocation of other revenue, unallocated other gains and losses, net, impairment loss recognised under expected credit loss model, net of reversal, finance costs and income tax expense. This is the measure reported to the CODM for the purposes of resource allocation and performance assessment.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

5. SEGMENT INFORMATION *(Continued)*

Operating Segments (Continued)

(ii) Segment assets and liabilities

The following is an analysis of the Group's assets and liabilities by reportable and operating segments:

As at 31 March 2026

	Sales of Renewable Energy Products RMB'000	New Energy Power System Integration and Sales of Electricity Business RMB'000	Unallocated RMB'000	Total RMB'000
Segment assets	76,678	18,806	17	95,501
Property and equipment (for corporate)				47
Right-of-use assets (for corporate)				441
Other receivables, deposits and prepayments (for corporate)				246
Bank balances and cash (for corporate)				23
Total assets				96,258
Segment liabilities	824	16,028	143	16,995
Other payables and accruals (for corporate)				15,341
Other loans (for corporate)				54,413
Lease liabilities (for corporate)				427
Total liabilities				87,176

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

5. SEGMENT INFORMATION (Continued)

Operating Segments (Continued)

(ii) Segment assets and liabilities (Continued)

As at 31 March 2025

	Sales of Renewable Energy Products RMB'000	New Energy Power System Integration and Sales of Electricity Business RMB'000	Unallocated RMB'000	Total RMB'000
Segment assets	55,614	39,798	15	95,427
Property and equipment (for corporate)				71
Right-of-use assets (for corporate)				1,102
Rental deposits (for corporate)				214
Other receivables, deposits and prepayments (for corporate)				46
Bank balances and cash (for corporate)				491
Total assets				97,351
Segment liabilities	3,272	5,757	136	9,165
Other payables and accruals (for corporate)				16,341
Other loans (for corporate)				48,014
Lease liabilities (for corporate)				1,085
Total liabilities				74,605

For the purposes of monitoring segment performance and allocating resources between segments:

- All assets are allocated to operating segments, other than corporate assets of the management companies and investment holdings companies, such as property and equipment, right-of-use assets, rental deposit, other receivables, deposits and prepayments and bank balances and cash for corporate; and
- All liabilities are allocated to operating segments, other than corporate liabilities of the management companies and investment holdings companies, such as other payables and accruals, other loans, lease liabilities and convertible bonds for corporate.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

5. SEGMENT INFORMATION *(Continued)*

Operating Segments (Continued)

(iv) Geographical information

The following table sets forth the Group's revenue from customers by geographic location of customers:

	2026 RMB'000	2025 RMB'000
Hong Kong	9,864	804
Mainland China ("PRC")	5,821	—
	15,685	804

The information about its non-current assets by location of assets are detailed below:

	2026 RMB'000	2025 RMB'000
Hong Kong	5,863	7,852
Mainland China ("PRC")	49,343	44,643
	55,206	52,495

(v) Information about major customers

Revenues from customers attributable to New Energy Power System Integration and Sales of Electricity Business contributing over 10% of the total revenue of the Group for both years are as follows:

	2026 RMB'000	2025 RMB'000
New Energy Power System Integration and Sales of Electricity Business:		
Customer A	1,989	804
Customer B	5,935	—
Customer C	1,941	—
Customer D	2,517	—
Customer E	3,303	—
	15,685	804

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

6. REVENUE FROM CONTRACTS WITH CUSTOMERS

Revenue

The Group is mainly engaged in: (a) sales of renewable energy products; (b) rendering of new energy power system integration services; (c) sales of electricity to CLP Power; (d) rendering of engineering, procurement and construction and other related services; and (e) rendering of inspection, operation, maintenance and other related services.

(i) Disaggregation of revenue from contracts with customers

- (1) The Group derives revenue from the transfer of goods and services by categorise of major product lines and business.

	2026 RMB'000	2025 RMB'000
<i>Revenue from contracts with customers within the scope of HKFRS15</i>		
Sale of electricity	1,989	804
Provision of engineering, procurement and construction and other related services	5,935	–
Provision of inspection, operation, maintenance and other related services	7,761	–
	15,685	804

- (2) The Group derives revenue from the transfer of goods and services by timing of revenue recognition.

	2026 RMB'000	2025 RMB'000
<i>Revenue from contracts with customers within the scope of HKFRS15</i>		
At a point in time	1,989	804
Over time	13,696	–
	15,685	804

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

6. REVENUE FROM CONTRACTS WITH CUSTOMERS *(Continued)*

Revenue (Continued)

(i) Disaggregation of revenue from contracts with customers (Continued)

- (3) The Group derives revenue from the transfer of goods and services by geographical markets.

Information regarding the Group's revenue from the transfer of goods and services by geographical markets is set out in note 5(iv) above.

(ii) Contract balances

	Note	As at 31 March 2026 RMB'000	As at 31 March 2025 RMB'000	As at 31 March 2024 RMB'000
Trade receivables	19	55,761	89,851	118,456
Less: Impairment allowances		(24,167)	(56,697)	(56,513)
		31,594	33,154	61,943

Information regarding the Group's account receivables are set out in note 19.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

6. REVENUE FROM CONTRACTS WITH CUSTOMERS *(Continued)*

Revenue (Continued)

(iii) Performance obligations for contracts with customers

The Group recognised revenue from the following major sources:

- Sales of renewable energy products;
- Rendering of new energy power system integration services;
- Sales of electricity to CLP Power;
- Rendering of engineering, procurement and construction and other related services; and
- Rendering of inspection, operation, maintenance and other related services.

The Group recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity and when specific criteria have been met for each of the Group's activities.

The Group's performance obligations for contracts with customers and revenue and other income recognition policies are as follows:

Revenue from contracts with customers

(1) Sales of renewable energy products

The Group sells renewable energy products (i.e. solar and windpower related products) directly to customers. Revenue is recognised at a point in time when the goods are accepted by the customers after delivery to the customers' premises, since only by that time the Group passes control of the goods to the customers. The normal credit term is 30 to 180 days upon delivery.

Customers are generally required to make an advance payment of 10% to 35% of the total contract sum before the Group commences any work, and this will give rise to contract liabilities at the start of a contract. Generally, customers will be required to pay 95% of the total contract sum when the goods are delivered and accepted.

The Group normally provides a warranty period of around 1 to 10 years from the date that the solar and wind power plant is connected to the grid or the last batch of the products under the contract is delivered to the customers' premises. For those contracts with warranty period provided, the outstanding balances representing the retention money of 4% to 5% of the total contract sum initially recognised as contract assets upon delivery of goods and will be transferred to account receivables and paid to the Group in the absence of warranty claim after the warranty period.

Revenue from sale of renewable energy products is recognised at the point when the control of the goods is transferred to the customers.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

6. REVENUE FROM CONTRACTS WITH CUSTOMERS *(Continued)*

Revenue (Continued)

(iii) Performance obligations for contracts with customers (Continued)

Revenue from contracts with customers (Continued)

(2) New energy power system integration services

The Group provided new energy power system integration services to customers, such as engineering procurement construction ("EPC") services and design and consultancy services.

Revenue from EPC services is recognised as a performance obligation satisfied over time. The Group's performance under the EPC contracts created or enhanced assets without an alternative use to the Group. Further the Group had an enforceable right to payment for performance performed to date, the Group recognised revenue over time for EPC services. Revenue was recognised for these EPC services based on the stage of completion of the contract using the output method.

During the course of providing integration services, customers were generally required to make progress payment. In general, customers will be required to pay 70% to 80% of amounts corresponding to the relevant services provided or customers will be required to pay 80% of the total contract sum upon the completion of the construction project and the solar power and wind plant is connected to the grid.

The Group received up to 95% to 97% of the total contract sum in one month to three months after the construction project was completed and the solar power and wind plant is connected to the grid. The Group normally provided a retention period of 12 months from the date that the solar power plant is connected to the grid. For those contracts with retention period provided, the outstanding balances representing the retention money of approximately 3% to 5% of the total contract sum initially recognised as the contract assets until the end of retention period and will be transferred to account receivables and paid to the Group in the absence of warranty claim.

A contract asset is recognised over the period in which the integration services are performed representing the Group's rights to consideration for the services performed because the rights to billing are conditional upon specified payment milestone is reached. The Group typically transfers the contract assets to account receivables when the Group achieved the specific milestones of payments in the corresponding contracts.

Revenue from rendering of new energy power system integration services is recognised over time.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

6. REVENUE FROM CONTRACTS WITH CUSTOMERS *(Continued)*

Revenue (Continued)

(iii) Performance obligations for contracts with customers (Continued)

Revenue from contracts with customers (Continued)

(3) Sales of electricity to CLP Power

Revenue from sales of electricity is recognised at a point in time when the control of the electricity is transferred, being at the point when electricity is generated and transmitted to CLP Power under the Feed-in Tariff scheme (the “FiT Scheme”). Revenue from these sales is recognised based on the price specified in the FiT Scheme agreements. Based on the periodic meter readings, invoices are issued on a monthly basis and are usually payable within one month. The Group has elected the practical expedient to recognise revenue in the amount to which the Group has a right to invoice as the amount represents and corresponds directly with the value of performance completed and transferred to CLP Power. The Group has no unsatisfied performance obligations at each reporting date.

(4) Rendering of engineering, procurement and construction and other related services (“EPC Services”)

Revenue arising from the rendering of EPC Services is recognised over time as the Group performs the services, because the customer simultaneously receives and consumes the benefits of the Group’s performance and the Group has an enforceable right to payment for work completed to date. Under the terms of the EPC Services arrangements, the Group is entitled to bill the customer based on contractually specified construction milestones, which reflect the stage of completion of the underlying works. The consideration receivable at each milestone corresponds directly to the value of the services transferred to the customer. Accordingly, the Group applies the output method, recognising revenue based on the amount that the Group has a right to invoice, as this method faithfully depicts the Group’s performance under the contract.

At each reporting date, the Group has no unsatisfied performance obligations, as revenue is recognised in line with the progress of construction and the invoicing milestones reflect the value of work performed.

(5) Rendering of inspection, operation, maintenance and other related services

Revenue arising from the rendering of inspection, operation, maintenance and other related services is recognised over time as the Group performs the services, because the customer simultaneously receives and consumes the benefits of the Group’s performance and the Group has an enforceable right to payment for services completed to date. Under the terms of the service arrangements, the Group is entitled to monthly consideration based on the fixed contractual service fee, adjusted for performance based deductions or incentives where applicable. As the services are provided on a continuous and uniform basis throughout the contract term, the Group applies a time elapsed measure to recognise revenue, which faithfully depicts the transfer of services to the customer.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

6. REVENUE FROM CONTRACTS WITH CUSTOMERS *(Continued)*

Revenue (Continued)

(iii) Performance obligations for contracts with customers (Continued)

Other income

Interest income is accrued on a time basis on the principal outstanding at the applicable interest rate.

Further information about the Group's accounting policies relating to revenue from contracts with customers is provided in note 3.3 to the consolidated financial statements.

(iv) Transaction price allocated to the remaining performance obligation for contracts with customers

There is no transaction price allocated to the remaining performance obligations for contracts with customers as at 31 March 2025 and 31 March 2026.

7. OTHER GAINS AND LOSSES, NET

	2026 RMB'000	2025 RMB'000
Foreign exchange gain (losses), net	1,326	(2,334)
Sundry income	227	2,014
	1,553	(320)

8. IMPAIRMENT LOSSES RECOGNISED UNDER EXPECTED CREDIT LOSS MODEL, NET OF REVERSAL

	2026 RMB'000	2025 RMB'000
Impairment losses recognised on:		
– Account receivables	2,897	184

The details of the Group's impairment assessment are set out in note 29.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

9. FINANCE COSTS

	2026 RMB'000	2025 RMB'000
Imputed interest expense on other loans	2,543	2,666
Interest expense on other loans	2,545	2,539
Interest expense on lease liabilities	58	31

10. INCOME TAX EXPENSE

	2026 RMB'000	2025 RMB'000
PRC Enterprise Income Tax		
Current tax	—	—
(Over) under provision in prior years	—	—
	—	—

The Group is subject to income tax on an entity basis on profits arising in or derived from the jurisdictions in which members of the Group are domiciled and operated.

Pursuant to the laws and regulations of the Cayman Islands and the British Virgin Islands ("BVI"), the Group is not subject to any income tax in the Cayman Islands and the BVI for the years ended 31 March 2025 and 31 March 2026.

Under the two-tiered profits tax rates regime, the first HK\$2,000,000 of profits of qualifying entities will be taxed at 8.25%, and the profits above HK\$2,000,000 will be taxed at 16.5%. The profits of entities not qualifying for the two-tiered profits tax rates regime will be taxed at 16.5%. No provision for Hong Kong Profits Tax has been made as there is a significant unused tax losses available for offset against taxable profits in Hong Kong during the year ended 31 March 2026 (2025: no assessable profit for the subsidiaries operating in Hong Kong).

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

10. INCOME TAX EXPENSE (Continued)

Under the Law of the People's Republic of China on Enterprise Income Tax (the "EIT Law") and Implementation Regulation of the EIT Law, the tax rate of the PRC subsidiaries is 25% for both years.

On 18 January 2019, the Ministry of Finance in the PRC issued notice no. 13 of on the Implementation of Inclusive Tax Reduction Policies for Small and Micro Enterprises. Corporations with annual taxable income of less than RMB3 million are qualified for this tax concession. The first RMB1 million of annual taxable income of the qualifying corporation will be taxed at 5%, and further RMB2 million annual taxable income will be taxed at 10%. Certain subsidiaries of the Group in the PRC are entitled to this tax concession during the years ended 31 March 2025 and 31 March 2026.

Income tax expense for the year can be reconciled to the loss before taxation per the consolidated statement of profit or loss and other comprehensive income as follows:

	2026 RMB'000	2025 RMB'000
Loss before taxation	(18,181)	(22,751)
Tax at the domestic income tax rate of 25% (2025: 25%) (note below)	(4,545)	(5,687)
Tax effect of expenses not deductible for tax purpose	2,658	5,191
Tax effect of income not taxable for tax purpose	(187)	(5,573)
Tax effect of tax losses not recognised	2,228	4,788
Utilisation of tax losses and deductible temporary differences previously not recognised	(116)	–
Effect of preferential tax rates of subsidiaries	(38)	1,281
Income tax expense for the year	–	–

Note: The domestic tax rate (which is PRC Enterprise Income Tax rate) in the jurisdiction where the operation of the Group is substantially based is used.

The details of the Group's deferred taxation are set out in note 24.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

11. LOSS BEFORE TAXATION

Loss before taxation has been arrived at after charging (crediting):

	2026 RMB'000	2025 RMB'000
Staff costs (including directors' emoluments)		
– Salaries and other benefits	6,340	7,306
– Retirement benefit scheme contributions	1,740	1,075
– Equity-settled share-based expenses	–	622
	8,080	9,003
<i>Others:</i>		
Bank interest income	(3)	(4)

Mr. Huang Yuanming		–	330	–	155	16	501
Ms. Hu Xin		–	252	–	–	–	252
Mr. Tse Man Kit Keith	(ii)	–	595	–	155	16	766
Ms. Zhang Jinhua		–	330	–	155	16	501
<i>Independent non-executive directors</i>							
Ms. Ma Xingqin		36	–	–	–	–	36
Mr. Cheung Ting Kin		88	–	–	–	–	88
Mr. Qiao Wen Cai		95	–	–	–	–	95
		219	1,837	–	622	64	2,742

Notes:

- (i) Mr. Huang Bo has ceased to be Chief Executive Officer of the Company but will remain as an executive Director and the Chairman of the Board on 30 December 2024.
- (ii) Mr. Tse Man Kit Keith, an executive director and Chief Executive Officer of the Company on 30 December 2024.

The remunerations of directors and the Chief Executive Officer were determined by the remuneration committee having regard to the performance of individuals and market trends.

Fees, salaries and other benefits paid to or for the executive directors are generally emoluments paid or receivable in respect of those persons' other services in connection with the management of the affairs of the Company and its subsidiaries.

Fees, salaries and other benefits paid to or for the independent non-executive directors are generally emoluments paid or receivable in respect of those persons' other services in connection with the services as directors of the Company.

Directors' material interests in transactions, arrangements or contracts

No significant transactions, arrangements and contracts in relation to the Group's business to which the Company was a party and in which a director of the Company and the director's connected party had a material interest, whether directly or indirectly, subsisted at the end of the year or at any time during the year.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

13. EMPLOYEES EMOLUMENTS

Of the five individuals with the highest emoluments in the Group, one (2025: two) of them were directors and the Chief Executive Officer of the Company whose emoluments are included in the disclosures in note 12 above. The emoluments of the remaining four (2025: three) individuals were as follows:

	2026 RMB'000	2025 RMB'000
Salaries, allowances and other benefits	2,848	1,729
Contributions to retirement benefits scheme	83	35
	2,931	1,764

The number of the five highest paid employees including directors of the Company whose remuneration fell within the following bands is as follows:

	2026 No. of employees	2025 No. of employees
Nil to HK\$1,000,000	5	5

During the year ended 31 March 2026, no emoluments were paid by the Group to any of the directors or the Chief Executive Officer of the Group or the five highest paid individuals as an inducement to join or upon joining the Group or as compensation for loss of office (2025: nil).

14. DIVIDENDS

No dividend was paid or proposed during the years ended 31 March 2025 and 31 March 2026, nor has any dividend been proposed since the end of the reporting period.

15. LOSS PER SHARE

The calculation of the basic and diluted loss per share attributable to the owners of the Company is based on the following data:

	2026 RMB'000	2025 RMB'000
Loss for the purpose of diluted loss per share	(18,181)	(22,751)
	Number of shares (in thousand)	
Weighted average number of ordinary shares for the purposes of diluted loss per share	460,977	460,977

As there has no outstanding share options as at 31 March 2026 and 31 March 2025 and thus, no diluted loss per share was presented for the year ended 31 March 2026 and 31 March 2025.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

16. PROPERTY AND EQUIPMENT

	Construction in progress RMB'000	Leasehold improvements RMB'000	Office equipment, furniture and fixtures RMB'000	Solar power plants RMB'000	Total RMB'000
COST					
1 April 2024	18,101	618	75	–	18,794
Additions	9,923	27	5	5,890	15,845
At 31 March 2025 and 1 April 2025	28,024	645	80	5,890	34,639
Additions	5,051	–	–	–	5,051
At 31 March 2026	33,075	645	80	5,890	39,690
ACCUMULATED DEPRECIATION					
At 1 April 2024	–	618	61	–	679
Provided for the year	–	7	19	287	313
At 31 March 2025 and 1 April 2025	–	625	80	287	992
Provided for the year	–	12	–	645	657
At 31 March 2026	–	637	80	932	1,649
CARRYING VALUES					
At 31 March 2026	33,075	8	–	4,958	38,041
At 31 March 2025	28,024	20	–	5,603	33,647

The above items of property and equipment, except for construction in progress, are depreciated on a straight-line basis at the following rates per annum:

Leasehold improvements	Over the shorter of the lease term, or their useful lives in the range of 20% to 50%
Office equipment, furniture and fixtures	20% to 33%
Solar power plants	Over the shorter of the lease term, or their useful lives of 12.5%

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

17. RIGHT-OF-USE ASSETS AND LEASE LIABILITIES

(i) Right-of-use assets

	2026 RMB'000	2025 RMB'000
Land use right	16,263	16,619
Leased properties	902	2,229
	17,165	18,848

During the year ended 31 March 2023, the Group has acquired land use right with a term of 50 years at a total consideration of approximately RMB17.68 million (including direct costs of RMB680,000) and recognised a right-of-use asset for the acquired land use right. No lease liability is recognised for the land use right as all the lease payments for the land use rights are paid before the commencement of lease.

During the year ended 31 March 2025, the Group has entered into licence agreements with an independent third party (the "Licensor") and pursuant to which, the Licensor agreed to licence to the Group the right to use and occupy the roof top of the licensed premises to install and operate solar panel power generation system and equipment to participate in the EIT Scheme of CLP Power with a view of selling the electricity to CLP Power.

For the year ended 31 March 2026, the Group leases various offices for its operations. Lease contracts are entered into for fixed term of 1.5 years to 3 years (2025: 1.5 years to 3 years). Lease terms are negotiated on an individual basis and contain different terms and conditions. In determining the lease term and assessing the length of the non-cancellable period, the Group applies the definition of a contract and determines the period for which the contract is enforceable.

	2026 RMB'000	2025 RMB'000
Additions to right-of-use assets	—	2,675

Right-of-use assets are depreciated on a straight-line basis over the shorter of the estimated useful life and the lease term.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

17. RIGHT-OF-USE ASSETS AND LEASE LIABILITIES *(Continued)*

(ii) Lease liabilities

	2026 RMB'000	2025 RMB'000
Non-current	–	696
Current	680	639
	680	1,335
Amount payables under lease liabilities	2026 RMB'000	2025 RMB'000
Within one year	680	639
After one year but within two years	–	696
	680	1,335

The weighted average incremental borrowing rates applied to lease liabilities is ranging from 5.52% to 9.37% (2025: 5.52% to 9.37%).

As at 31 March 2025 and 31 March 2026, all lease obligations are denominated in Hong Kong dollars, which is a currency other than the functional currencies of the relevant group entities.

(iii) Amounts recognised in profit and loss

	2026 RMB'000	2025 RMB'000
Depreciation expense on right-of-use assets	1,683	1,299
Interest expense on lease liabilities	58	31

(iv) Restrictions or covenants on leases

During the year ended 31 March 2026, the Group did not recognise any addition of right of use assets and corresponding lease liabilities. As at 31 March 2025, lease liabilities of approximately RMB2,675,000 and related right-of-use assets of approximately RMB2,675,000 during the reporting period. The lease agreements do not impose any covenants other than the security interests in the leased assets that are held by the lessor. Leased assets may not be used as security for borrowing purposes.

(v) Others

For the year ended 31 March 2026, the total cash outflow for leases amount to approximately RMB678,000 (2025: approximately RMB1,881,000).

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

18. GOODWILL

	2026 RMB'000	2025 RMB'000
Goodwill attributable to the following CGUs:		
– New Energy Power System Integration and Sales of Electricity Business	196,752	196,752
– Sales of solar power related products	40,587	40,587
	237,339	237,339
Less: Accumulated impairments	(237,339)	(237,339)
	–	–

The goodwill is allocated to the cash generating units, namely new energy power system integration business and sales of solar power related products.

The Group recognised full impairment losses in relation to goodwill arising on new energy power system integration business and sales of solar power related products in prior years.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

19. ACCOUNT RECEIVABLES, OTHER RECEIVABLES, DEPOSITS AND PREPAYMENTS

	Notes	2026 RMB'000	2025 RMB'000
Account receivables	(a)		
Account receivables		55,761	89,851
Less: Impairment allowances		(24,167)	(56,697)
		31,594	33,154
Other receivables, deposits and prepayments	(b)

		5,894	5,119

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

19. ACCOUNT RECEIVABLES, OTHER RECEIVABLES, DEPOSITS AND PREPAYMENTS (Continued)

Notes:

(a) Account receivables

As at 31 March 2026, account receivables from contracts with customers (net of impairment allowances) amounted to RMB31,594,000 (2025: RMB33,154,000). As at 31 March 2026 and 31 March 2025, account receivables included RMB484,000 (2025: 3,122,000) due from a related company (net of impairment allowances) controlled by Mr. Huang Yuan Ming and Ms. Zhang Jinhua, the directors of the Company.

The Group does not hold any collateral over these balances.

The Group generally allows an average credit period of 180 days to its trade customers for both years. The following is an aged analysis of account and receivables, net of allowance for impairment, presented based on dates of delivery of goods/ the invoice dates.

	2026 RMB'000	2025 RMB'000
0 to 90 days	2,967	195
91 to 180 days	1,856	–
Over 180 days	26,771	32,959
	31,594	33,154

Details of impairment assessment of account receivables are set out in note 29.

(b) Other receivables, deposits and prepayments

Details of impairment assessment of deposits and other receivables are set out in note 29.

The directors consider that the fair values of trade and other receivables are not materially different from their carrying amounts because these balances have short maturity periods on their inception.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

20. BANK BALANCES AND CASH

Bank balances earn interest at floating rates based on daily bank deposit rates. Short term time deposits are made for varying periods of between one day and three months depending on the immediate cash requirements of the Group, and earn interest at the respective short term time deposit rates. The bank balances are deposited with creditworthy banks with no recent history of default.

At the end of the reporting period, the cash and bank balances of the Group denominated in RMB amounted to RMB3,164,000 (2025: RMB5,987,000). The RMB is not freely convertible into other currencies, however, under Mainland China's Foreign Exchange Control Regulations and Administration of Settlement, Sale and Payment of Foreign Exchange Regulations, the Group is permitted to exchange RMB for other currencies through banks authorised to conduct foreign exchange business.

The carrying amounts of the cash and cash equivalents and pledged bank deposits are denominated in the following currencies:

	2026 RMB'000	2025 RMB'000
HK\$	390	575
RMB	3,164	5,987
US\$	10	21
	3,564	6,583

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

21. ACCOUNT PAYABLES, OTHER PAYABLES AND ACCRUALS

	Notes	2026 RMB'000	2025 RMB'000
Account payables			
Account payables	(a)	7,699	675
Other payables and accruals			
Payroll payable		95	157
Amounts due to former directors:			
– Mr. Hou Hsiao Bing	(b)	787	790
– Ms. Yuen Hing Lan	(b)	1,284	1,341
– Mr. Chiu Tung Ping	(b)	72	72
Amounts due to directors:			
– Ms. Hu Xin	(b)	486	508
Other payables – 2011 CB	(c)	10,595	11,074
Other payables		1,037	2,383
Accrued expenses		2,067	3,668
		16,423	19,993

Notes:

(a) Account payables

The following is an aged analysis of trade payables presented based on the invoice date at the end of the reporting period:

	2026 RMB'000	2025 RMB'000
0 to 90 days	6,387	–
91 to 180 days	637	–
Over 180 days	675	675
	7,699	675

The credit period is generally 90 to 180 days and certain suppliers allow a longer credit period on a case-by-case basis.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

21. ACCOUNT PAYABLES, OTHER PAYABLES AND ACCRUALS *(Continued)*

Notes: *(Continued)*

- (b) Amounts due to former directors and amounts due to directors

As at 31 March 2025 and 31 March 2026, the amounts were non-trade in nature, unsecured, interest-free and repayable on demand.

- (c) Other payables – 2011 CB

As at 31 March 2026 and 31 March 2025, the amount represents outstanding principal amount of approximately HK\$12,000,000 (equivalent to RMB10,595,000) of the convertible bonds are held by Bondholder B (as described and defined in note 23(a)), in which the transfer of convertible bonds to other payables upon the maturity of 2011 CB and details of which are set out in note 23.

22. OTHER LOANS

	Notes	2026 RMB'000	2025 RMB'000
Loans from directors

For the year ended 31 March 2026

22. OTHER LOANS (Continued)

Notes:

(a) Loans from directors

(i) Unsecured and interest-bearing loans

	2026 RMB'000	2025 RMB'000
Mr. Tse Man Kit Keith	2,754	2,620
Mr. Huang Yuanming	27,801	26,758
	30,555	29,378

As at 31 March 2026 and 31 March 2025, the amounts were interest bearing at a fixed interest rate of 12% per annum, unsecured and repayable on or before 31 March 2029.

(ii) Unsecured and interest-free loans

	2026 RMB'000	2025 RMB'000
Mr. Tse Man Kit Keith	17,390	8,959
Mr. Huang Bo	1,537	1,441
	18,927	10,400

During the year ended 31 March 2026, Mr. Tse Man Kit Keith, a shareholder of the Company, advanced additional loans totaling RMB10,913,000. These loans are non-trade in nature, unsecured, interest-free, and not repayable within twelve months from the reporting date. The loans were recognised at amortized cost using the effective interest method, with effective interest rates ranging from 10.68% to 12.39%. The difference of the principals and the fair value of the loans at initial recognition amounting approximately RMB4,517,000 was credited as deemed contribution on loan from the shareholders in equity during the year ended 31 March 2026.

During the year ended 31 March 2025, Mr. Tse Man Kit Keith and Mr. Huang Bo provided loans in aggregate amount of RMB14,223,000 to the Company which is a non-trade in nature, unsecured, interest-free and not repayable within 12 months from the end of the reporting period. Mr. Tse Man Kit Keith and Mr. Huang Bo are shareholders of the Company. The loans were carried at amortised cost using effective interest method. The effective interest rates applied were ranging from 10.43% to 12.10%. The difference of the principals and the fair value of the loans at initial recognition amounting approximately RMB4,753,000 was credited as deemed contribution on loan from the shareholders in equity during the year ended 31 March 2025.

As at 31 March 2026, the carrying amount of accrual interest of interest-free loans of approximately RMB15,041,000 was classified as non-current liabilities (2025: RMB10,400,000).

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

22. OTHER LOANS (Continued)

Notes: (Continued)

(b) Loans from a former director

During the year ended 31 March 2024, the amount due to Mr. Chiu Tung Ping amounted to approximately RMB3,035,000 and short-term loan provided by Mr. Chiu Tung Ping amounted to approximately RMB8,414,000, with an aggregate amount of approximately RMB11,449,000 was transferred to a loan provided to the Company. The loan is non-interest bearing, unsecured and repayable on demand (2025: repayable on or before 30 September 2025).

As at 31 March 2026, the carrying amount of the loan was classified as current liabilities (2025: current liabilities).

23. CONVERTIBLE BONDS

2011 Convertible Bonds (the "2011 CB")

On 1 June 2011 (the "Issue Date"), the Company issued a ten-year zero-coupon convertible bond at par with a nominal value of HK\$163,100,000 (equivalent to RMB140,592,000) to Good Million Investments Limited (the "Vendor"), in acquiring from the Vendor of the entire issued share capital of China Technology Solar Power Holdings Limited, a company incorporated in the British Virgin Islands (the "CTSP (BVI)"), and its subsidiaries (the "Target Group"). The convertible bonds are denominated in HK\$. The bonds entitle the holders to convert them into ordinary shares of the Company at any time between the date of issue of the bonds and their settlement date on 1 June 2021 (the "Maturity Date") at a conversion price of HK\$0.5 per share. If the bonds have not been converted, they will be redeemed on Maturity Date at par.

The 2011 CB was divided into Tranche I convertible bonds (the "Tranche I CB") and Tranche II convertible bonds (the "Tranche II CB") of HK\$113,100,000 (equivalent to RMB97,492,000) and HK\$50,000,000 (equivalent to RMB43,100,000), respectively. For Tranche I CB, the CB holders are not subject to any restriction for exercising the conversion of Tranche I CB into share. For Tranche II CB, the amount should be subject to change in relation to a profit guarantee amounted to HK\$30,000,000 (equivalent to RMB24,408,000) made by the Vendor to the Company during the year ended 30 March 2012. Pursuant to a supplementary agreement made between the Vendor and the Company on 30 January 2012, the amount of profit guarantee was increased to HK\$40,000,000 (equivalent to RMB32,544,000) and the guarantee period was extended to 30 September 2012. In the event that the profit guarantee could not be achieved, the principal amount of the Tranche II CB will be adjusted to HK\$0 if the profit guarantee is equivalent to or less than HK\$15,000,000 (equivalent to RMB12,204,000) or a loss.

Based on the audited consolidated financial statements of the Target Group for the 12 months ended 30 September 2012, the Target Group recorded a loss of HK\$77,000 (equivalent to RMB63,000). On such basis, the revised profit under the revised profit guarantee of HK\$40,000,000 (equivalent to RMB32,544,000) was not achieved. Accordingly, the principal amount of the Tranche II CB in the principal amount of HK\$50,000,000 (equivalent to RMB40,680,000) was adjusted to HK\$0.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

23. CONVERTIBLE BONDS *(Continued)*

2011 Convertible Bonds (the "2011 CB") (Continued)

For the year ended 31 March 2019, Tranche I CB with a nominal value of HK\$5,000,000 (equivalent to RMB4,343,000) were converted by the bondholders into 10,000,000 ordinary shares at a conversion price of HK\$0.5 per ordinary share. Up to 31 March 2020, Tranche I CB with a nominal value of HK\$69,100,000 (equivalent to RMB55,973,000) had been converted by the bondholders into 138,200,000 ordinary shares at a conversion price of HK\$0.5 per ordinary share and with a nominal value of HK\$44,000,000 (equivalent to RMB37,179,000) have not been converted by the bondholders. For the year ended 31 March 2021, there was no conversion of ordinary shares.

The remaining of 2011 CB comprises two components:

- (a) Debt component was initially measured at fair value amounted to approximately HK\$29,943,000 (equivalent to RMB25,811,000). The effective interest rate of the liability component on initial recognition was 13.39% per annum.
- (b) Derivative component comprises conversion right of the Bondholders. It is subsequently measured at fair value.

For the year ended 31 March 2022, the 2011 CB was being redeemed through entering into a new subscription agreement with an individual bondholder (the "Bondholder A") who held the 2011 CB with an outstanding principal amount of HK\$32,000,000 and the directors of the Company considered that the redemption of the 2011 Convertible Bonds and the issue of the 2021 Convertible Bonds allow the Company to restructure the existing debts and to retain its financial resources for a longer period for the development of its business (the "2011 Convertible Bonds Redemption"). As the redemption money payable by the Company to the Bondholder A in respect of the 2011 CB in the principal amount of HK\$32,000,000 shall be applied towards the payment of and be set off against the subscription money payable by the Bondholder A for the 2011 CB in the principal amount of HK\$32,000,000, the Company will not receive any net proceeds from the issue of the 2021 CB (as defined below). The remaining outstanding principal amount of HK\$12,000,000 (the "Disputed Convertible Bonds") are held by another individual bondholder (the "Bondholder B").

As at 31 May 2021, the Company is unable to contact Bondholder B based on the contact information registered in the register of bondholders of the Company. Further, on 28 May 2021, the Company was notified by Bondholder A that there is a potential dispute between Bondholder A and Bondholder B on the ownership of the Disputed Convertible Bonds. For details, please refer to the Company's announcement dated 31 May 2021.

On maturity date, 1 June 2021, the 2011 CB held by Bondholder B amounted to approximately RMB10,131,000 was reclassified from convertible bonds to other payables during the year ended 31 March 2022 and details of which are set out in note 21(c).

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

24. DEFERRED TAXATION

At the end of the reporting period, the Group has unused tax losses of RMB81,731,000 (2025: RMB53,861,000) available for offset against future profits. No deferred tax asset has been recognised due to the unpredictability of future profit streams. These tax losses will expire in five years from the year they were incurred.

At the end of the reporting period, the Group has deductible temporary differences of RMB117,158,000 (2025: RMB89,288,000). No deferred tax asset has been recognised in relation to such deductible temporary difference as it is not probable that taxable profit will be available against which the deductible temporary differences can be utilised.

Under the EIT Law of PRC, withholding tax is imposed on dividends declared in respect of profits earned by PRC subsidiaries from 1 January 2008 onwards. Deferred taxation has not been provided for in the consolidated financial statements in respect of temporary differences attributable to accumulated profits of the PRC subsidiaries amounting to RMB152,435,000 (2025: RMB153,816,000) as the Group is able to control the timing of the reversal of the temporary differences and it is probable that the temporary differences will not reverse in the foreseeable future.

25. SHARE CAPITAL

	Number of shares '000	Share capital HK\$'000

Presented in the consolidated financial statement as	415	415

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

26. RETIREMENT BENEFITS PLANS

Defined Contribution Plans

The Group operates a MPF Scheme for all qualifying employees in Hong Kong under the Mandatory Provident Fund Schemes Ordinance. The assets of the MPF Scheme are held separately from those of the Group in funds under the control of the trustee. Under the rules of the MPF Scheme, the employer and its employees are each required to make contributions to the scheme at rates specified in the rules. The only obligation of the Group with respect to the MPF Scheme is to make the required contributions under the scheme. No forfeited contribution is available to reduce the contribution payable in the future years.

The employees of the subsidiaries in the PRC are members of the state-managed retirement benefits scheme operated by the PRC government. The Group is required to contribute a certain percentage of their payroll to the retirement benefits scheme to fund the benefits. The only obligation of the Group with respect to the retirement benefits scheme is to make the required contributions under the scheme.

27. SHARE-BASED PAYMENT TRANSACTION

Share option scheme of the Company

The Company has adopted a share option scheme ("Share Option Scheme") which became effective on 26 August 2014 and will remain in force for a period of 10 years until 20 August 2024.

The purpose of the Share Option Scheme is to enable the Group to grant options to selected participants as incentives or rewards for their contribution to the Group and/or to enable the Group to recruit and retain high-calibre employees and attract human resources that are valuable to the Group and any entity ("Invested Entity") in which the Group holds an equity interest

Eligible participants ("Eligible Participants") under the Share Option Scheme include (a) any employee (whether full time or part time, including any executive director but excluding any non-executive director) of, or any individual for the time being seconded to work for, the Company, any of its subsidiary or any Invested Entity; (b) any non-executive directors (including independent non-executive Directors) of the Company, any subsidiary of the Company or any Invested Entity; (c) any supplier of goods or services to any member of the Group or any Invested Entity; (d) any customer of the Group or any Invested Entity; (e) any person or entity that provides research, development or other technological support to any member of the Group or any Invested Entity; (f) any shareholder of any member of the Group or any Invested Entity or any holder of any securities issued by any member of the Group or any Invested Entity; (g) any adviser (professional or otherwise) or consultant to the Group relating to business development of the Group or any member of the Group or any Invested Entity; and (h) any joint venture or business alliance of any member of the Group who have contributed to the development and growth of the Group.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

27. SHARE-BASED PAYMENT TRANSACTION *(Continued)*

Share option scheme of the Company (Continued)

The maximum number of shares which may be allotted and issued upon exercise of all outstanding options granted and yet to be exercised under the Share Option Scheme and any other share option scheme of the Group must not in aggregate exceed 30% of the issued share capital of the Company from time to time.

The initial total number of shares which may be allotted and issued upon exercise of all options (excluding, for this purpose, options which have lapsed in accordance with the terms of the Share Option Scheme and any other share option scheme of the Group) to be granted under the Share Option Scheme and any other share option scheme of the Group must not in aggregate exceed 10% of the shares in issue as at the date of passing of the relevant resolution adopting the Share Option Scheme ("General Scheme Limit"). On 26 September 2018, the General Scheme Limit was refreshed and the maximum number of shares which may be issued upon the exercise of all options to be granted under the Share Option Scheme and any other share option schemes of the Group has been re-set at 10% of the shares in issue as at the date of approval of refreshing the General Scheme Limit. Further, on 19 July 2021, the share consolidation ("Share Consolidation") became effective. Upon the Share Consolidation becoming effective, the directors were allowed to grant options to Eligible Participants to subscribe for a maximum of 34,520,257 ordinary shares of HK\$0.50 each, representing approximately 7.7% of the issued shares of the Company. Share options in respect of a total of 21,844,000 ordinary shares of HK\$0.50 each have been granted by the Company under the Share Option Scheme to Eligible Participants and have all been exercised during the year ended 31 March 2019.

The maximum number of shares issued and to be issued upon exercise of the options granted under the Share Option Scheme and any other share option scheme of the Group (including both exercised, cancelled or outstanding options) to each Eligible Participant in any 12-month period shall not exceed 1% of the issued shares of the Company from time to time.

An offer of the grant of option may be accepted by an Eligible Participant within such time as may be specified in the offer (which shall not be later than 21 days from the offer date).

Unless otherwise determined by the directors and stated in the offer for the grant of option to the grantee, there is no minimum period required under the Share Option Scheme for the holding of an option before it can be exercised.

A nominal consideration of HK\$1 is payable on acceptance of the grant of an option.

The subscription price for a share under the Share Option Scheme shall be a price determined by the directors, but shall not be less than the highest of (i) the closing price of the shares of the Company as stated in the Stock Exchange's daily quotations sheet on the date of the offer of grant, which must be a business day; (ii) the average closing price of the shares of the Company as stated in the Stock Exchange's daily quotations sheet for the five business days immediately preceding the date of the offer of grant; and (iii) the nominal value of a share of the Company.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

27. SHARE-BASED PAYMENT TRANSACTION *(Continued)*

Share option scheme of the Company (Continued)

On 26 July 2024, the Company has granted (the "Grant") share options ("Options") to four directors to subscribe for up to 12,676,257 ordinary shares of HK\$0.001 each in the share capital of the Company ("Shares") under the Share Option Scheme. The estimated fair values of the options granted on that date is approximately HK\$690,000.

These fair values were calculated using the binomial option pricing model. The inputs into the model were as follows:

	HK\$
Share price at grant date	HK\$0.087
Exercise price	HK\$0.110
Expected volatility	92.4%
Expected life	10 years
Risk free rate	3.239%
Expected dividend yield	0.00%

Expected volatility was determined by using the historical volatility of the Company's share price over the previous 10 years. The expected life used in the model has been adjusted, based on the director's best estimate, for the effects of non-transferability, exercise restrictions and behavioral considerations.

Subsequent to the Grant, no Options are available for future grant pursuant to the Share Option Scheme. Prior to the Grant, the Company had no outstanding Options under the Share Option Scheme, and a total of 12,676,257 Options were available for grant.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

27. SHARE-BASED PAYMENT TRANSACTION (Continued)

Share option scheme of the Company (Continued)

The following table discloses movements in the Company's share options during the years ended 31 March 2025 and 31 March 2026 is as following:

Name of Grantee	Date of grant	Exercise Price (HK\$)	Granted during the year ended 31 March 2025 and outstanding as at 31 March 2025 and
			31 March 2026
<i>Directors</i>

Weighted average exercise price			HK\$0.11

The Options under the Grant are not subject to any vesting conditions, performance targets or clawback mechanism. The fair value of the Options at the date of Grant amounted to approximately RMB622,000, which was calculated using the binomial option pricing model.

During the years ended 31 March 2025 and 31 March 2026, no Options were exercised, cancelled or lapsed. A total of 12,676,257 ordinary shares of HK\$0.001 each in the share capital of the Company may be issued in respect of the Options under the Grant as at 31 March 2025 and 31 March 2026.

28. CAPITAL RISK MANAGEMENT

The Group manages its capital to ensure that the entities in the Group will be able to continue as a going concern while maximising the return to shareholders through the optimisation of the debt and equity balance. The Group's overall strategy remains unchanged from prior year.

The capital structure of the Group consists of net debts, which includes other loans disclosed in notes 22, respectively, net of bank balances and cash, and equity attributable to the owners of the Company, comprising issued share capital and reserves.

The directors of the Company review the capital structure periodically. As part of this review, the directors of the Company consider the cost of capital and the risks associated with each class of capital. Based on recommendations of the directors of the Company, the Group will balance its overall capital structure through the payment of dividends, new share issues and the issue of new debt or the redemption of existing debt.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

29. FINANCIAL INSTRUMENTS

Categories of financial instruments

	2026 RMB'000	2025 RMB'000
Financial assets		
Financial assets at amortised cost	38,008	42,306
Financial liabilities		
Financial liabilities at amortised cost	87,176	74,605

Financial risk management objectives and policies

The Group's major financial assets and financial liabilities include rental deposit, account receivables, other receivables, deposits and prepayments, bank balances and cash, account payables, other payables and other loans. Details of these financial instruments are disclosed in respective notes. The risks associated with these financial instruments included market risk (currency risk, interest rate risk), credit risk and liquidity risk. The policies on how to mitigate these risks are set out below. The management of the Group manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner.

Market risk

Currency risk

The primary economic environment which the principal subsidiaries of the Company operate is the PRC and their functional currency is RMB. However, certain transactions of the Company and its subsidiaries including issue of convertible bonds and raise of the other loans, are denominated in foreign currencies.

The carrying amounts of the Group's foreign currency denominated monetary assets and liabilities at the reporting date are as follows:

	2026 RMB'000	2025 RMB'000
Monetary assets		
Hong Kong dollar (HK\$)	750	942
United States dollar (US\$)	10	21
	760	963
Monetary liabilities		
HK\$	58,389	52,502

The Group currently does not have a foreign currency hedging policy. However, the management of the Group monitors foreign exchange exposure and will consider hedging significant foreign currency exposure should the need arises.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

29. FINANCIAL INSTRUMENTS (Continued)

Financial risk management objectives and policies (Continued)

Market risk (Continued)

Currency risk (Continued)

Sensitivity analysis

The following table details the Group's sensitivity to a 5% (2025: 5%) increase and decrease in the functional currencies of the relevant group entities against the relevant foreign currencies 5% (2025: 5%) is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the end of the reporting period for a 5% (2025: 5%) change in foreign currency rates. The sensitivity analysis includes external loans where the denomination of the loan is in a currency other than the functional currency of the lender or the borrower. A negative number below indicates a increase in post-tax loss (2025: a decrease in post-tax loss) where respective functional currency strengthen 5% (2025: 5%) against the relevant foreign currency. For a 5% (2025: 5%) weakening of respective functional currency against the relevant foreign currency, there would be an equal and opposite impact on the post-tax loss (post-tax profit) and the balances below would be negative.

	Effect on profit or loss	
	2026 RMB'000	2025 RMB'000
HK\$	(3,150)	(2,673)

Interest rate risk

The Group is exposed to fair value interest rate risk in relation to fixed-rate other loans (see notes 22 for details of other loans). The Group aims at keeping borrowings at fixed rates to minimise the exposure on cash flow interest rate risk. The Group is also exposed to cash flow interest rate risk in relation to variable-rate bank balances (see note 20 for details). The directors of the Company monitor interest rate exposures and will consider hedging significant interest rate risk should the need arise.

The directors consider the Group's exposure to cash flow interest rate risk of bank balances is not significant, hence, no sensitivity analysis is presented for the years ended 31 March 2026 and 31 March 2025.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

29. FINANCIAL INSTRUMENTS *(Continued)*

Financial risk management objectives and policies (Continued)

Credit risk

As at 31 March 2026 and 31 March 2025, the Group's maximum exposure to credit risk which will cause a financial loss to the Group due to failure to discharge an obligation by the counterparties is arising from the carrying amount of the respective recognised financial assets as rental deposit, account receivables, other receivables and deposits and bank balances as stated in the consolidated statement of financial position.

In order to minimise credit risk, the Group regularly monitors the external credit ratings on the financial institutions based on available information at each reporting date for its bank balances which are placed in financial institutions with high credit rating. The credit rating information is supplied by independent rating agencies where available and, if not available, the management team uses other publicly available financial information.

The Group has concentration of credit risk as 54.2% (2025: 55.0%) and 97.4% (2025: 100.0%) of the total account receivables was due from the Group's largest customer and the five largest customers respectively.

The Group's concentration of credit risk by geographical locations is in the PRC, which accounted for 93.9% (2025: 100%) of the total account receivables as at 31 March 2026.

Account receivables arising from contracts with customers

For customers identified as credit impaired, the Group determines expected credit losses (ECL) on an individual basis. The assessment incorporates historical default experience, the economic conditions of the relevant industry, and both current and forward-looking information available at the reporting date.

For trade receivables that do not contain a significant financing component, or where the Group applies the practical expedient of not adjusting for such a component, the simplified approach is adopted. Under this method, the Group recognises a loss allowance based on 12-months ECL and lifetime ECL at each reporting date without tracking changes in credit risk. A provision matrix has been established, derived from historical credit loss experience and adjusted for debtor specific and macroeconomic factors that can be obtained without undue cost or effort.

As at 31 March 2026, the ECL of certain account receivables are assessed individually because these account receivables are credit-impaired. During the year ended 31 March 2026, impairment losses, net of reversal on account receivables amounting to RMB2,897,000 (2025: RMB184,000) was recognised in the profit or loss.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

29. FINANCIAL INSTRUMENTS *(Continued)*

Financial risk management objectives and policies (Continued)

Credit risk (Continued)

Rental deposit, other receivables and deposits

The Group assessed the impairment individually based on past due information which, in the opinion of the directors, have no significant increase in credit risk since initial recognition. ECL is estimated based on historical observed default rates over the expected life of debtors and is adjusted for forward-looking information that is available without undue cost or effort. Therefore, loss allowances of rental deposit, other receivables and deposits are assessed on 12m ECL basis. During the year ended 31 March 2026, no impairment loss on other receivables and deposits (2025: nil), was recognised in the profit or loss.

Bank balances

The credit risks on bank balances are limited because the counterparties are banks with high credit ratings assigned by international credit-rating agencies and thus, no impairment loss on bank balances was recognised for both years.

The Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout the reporting period. To assess whether there is a significant increase in credit risk the Group compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportive forwarding-looking information. Especially the following indicators are incorporated:

- internal credit rating
- external credit rating
- actual or expected significant adverse change in business, financial or economic conditions that are expected to cause a significant change to the borrowers' ability to make its obligations
- actual or expected significant changes in the operating results of the borrower
- significant changes in the value of the collateral supporting the obligation or in the quality of third party guarantees or credit enhancements
- significant increase in credit risk on other financial instruments of the borrower
- significant changes in the expected performance and behaviour of the borrower, including changes in the payment status of borrowers in the Group and changes in the operating results of the borrower

For the year ended 31 March 2026

29. FINANCIAL INSTRUMENTS *(Continued)*

Financial risk management objectives and policies (Continued)

Credit risk (Continued)

The Group's exposure to credit risk

In order to minimise credit risk, the Group has tasked its management team to develop and maintain the Group's credit risk grading to categories exposures according to their degree of risk of default. The credit rating information is supplied by independent rating agencies where available and, if not available, the management team uses publicly available financial information and the Group's own trading records to rate its major customers and other debtors. The Group's exposure and the credit ratings of its counterparties are continuously monitored and the aggregate value of transactions concluded is spread amongst approved counterparties.

The Group's internal credit risk grading assessment comprises the following categories:

Internal credit rating	Description	Account receivables	Other financial assets/other items
Low risk	The counterparty has a low risk of default and does not have any past-due amounts	Lifetime ECL – not credit-impaired	12-month ECL
Watchlist	Debtor frequently repays after due dates but usually settle after due date	Lifetime ECL – not credit-impaired	12-month ECL
Doubtful	There have been significant increases in credit risk since initial recognition through information developed internally or external resources	Lifetime ECL – not credit-impaired	Lifetime ECL – not credit-impaired
Loss	There is evidence indicating the asset is credit-impaired	Lifetime ECL – credit-impaired	Lifetime ECL – credit-impaired
Write-off	There is evidence indicating that the debtor is in severe financial difficulty and the Group has no realistic prospect of recovery	Amount is written off	Amount is written off

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

For the year ended 31 March 2026

29. FINANCIAL INSTRUMENTS (Continued)

Financial risk management objectives and policies (Continued)

Credit risk (Continued)

Note: For account receivables, the Group measure the loss allowance at lifetime ECL. The Group determines the ECL on an individual basis for credit-impaired customers, estimated based on historical credit loss experience based on the past due status of the debtors, adjusted as appropriate to reflect current conditions and estimates of future economic conditions. Note 19 includes further details on the loss allowance for these assets respectively.

An impairment analysis is performed at each reporting date using a provision matrix to measure expected credit losses. The management of the Company determine to assess the impairment of trade receivable in accordance with simplified approach.

Set out below is the information about the credit risk exposure on the Group's trade receivables using a provision matrix:

As at 31 March 2026

	Current	0–90 days	Past due		Total
			91–180 days	Over 180 days	
Expected credit loss rate (%)	2%	2%	26%	36%–48%	2%–48%
Gross carrying amount (RMB)	579	2,437	2,516	50,229	55,761
Expected credit losses (RMB)	10	39	660	23,458	24,167

As at 31 March 2025

	Current	0–90 days	Past due		Total
			91–180 days	Over 180 days	
Expected credit loss rate (%)	2%	–	–	32%–41%	2%–41%
Gross carrying amount (RMB)	195	–	–	89,656	89,851
Expected credit losses (RMB)	4	–	–	56,693	56,697

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

Credit risk (Continued)

The following table shows the movements in lifetime ECL that has been recognised for account receivables.

Account receivables	RMB'000
As at 1 April 2024	56,513
ECL recognised, net of reversal	184
As at 31 March 2025 and 1 April 2025	56,697
Amount written off	(35,427)
ECL recognised, net of reversal	2,897
As at 1 April 2026	24,167

The following tables show reconciliation of loss allowances that has been recognised for other receivables and deposits using the general approach under HKFRS 9 *Financial Instruments*, with the ECL allowance of RMB7,000 (2025: ECL allowance of RMB885,000).

Other receivables and deposits	RMB'000
As at 31 March 2024, 1 April 2024 and 31 March 2025	885
Amount written off	(878)
As at 31 March 2026	7

Liquidity risk

In the management of the liquidity risk, the Group monitors and maintains a level of cash and cash equivalents deemed adequate by the management to finance the Group's operations and mitigate the effects of fluctuations in cash flows. In addition, the Group relies on other loans and convertible bonds as significant sources of liquidity and the management monitors the utilisation of other loans.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

29. FINANCIAL INSTRUMENTS (Continued)

Financial risk management objectives and policies (Continued)

Liquidity risk (Continued)

The following table details the Group's remaining contractual maturity for its non-derivative financial liabilities and the maturity profile of its lease liabilities. The table has been drawn up based on the undiscounted cash flows of financial liabilities and lease liabilities based on the earliest date on which the Group can be required to pay. The maturity dates for other non-derivative financial liabilities are based on the agreed repayment dates.

The table includes both interest and principal cash flows.

At 31 March 2026

	On demand or within 1 year RMB'000	More than 1 year but less than 2 years RMB'000	More than 2 years but less than 5 years RMB'000	Total contractual undiscounted cash flow RMB'000	Carrying amount RMB'000
Non-derivative financial instruments					
Account payables	7,699	–	–	7,699	7,699
Other payables and accruals	16,423	–	–	16,423	16,423
Other loans	12,992	7,303	55,689	75,984	62,374
Lease liabilities	700	–	–	700	680
	37,814	7,303	55,689	100,806	87,176

At 31 March 2025

	On demand or within 1 year RMB'000	More than 1 year but less than 2 years RMB'000	More than 2 years but less than 5 years RMB'000	Total contractual undiscounted cash flow RMB'000	Carrying amount RMB'000
Non-derivative financial instruments					
Account payables	675	–	–	675	675
Other payables and accruals	19,993	–	–	19,993	19,993
Other loans	13,475	7,403	46,798	67,676	52,602
Lease liabilities	682	724	–	1,406	1,335
	34,825	8,127	46,798	89,750	74,605

The directors consider that the carrying amounts of financial assets and financial liabilities recognised in the consolidated financial statements approximate their fair values.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

30. RELATED PARTY TRANSACTIONS

(a) Transactions with related parties

Other than as disclosed elsewhere in these consolidated financial statements, during the year, the Group entered into the following transactions with related parties:

	2026 RMB'000	2025 RMB'000
Operation and maintenance fee income (note below)		
– Hebei Fengbei New Energy Co., Ltd.	2,517	–
Finance costs to: (note below)		
– Mr. Tse Man Kit Keith	258	257
– Mr. Huang Yuan Ming	2,287	2,282
	2,545	2,539

Note: The above transactions are determined in accordance with mutually agreed terms.

(b) Balances with related parties

Details of the Group's balances with related parties are disclosed in notes 21 and 22.

(c) Compensation of directors and key management personnel

The remuneration of the directors and key management personnel during the years ended 31 March 2026 and 31 March 2025 are as follows:

	2026 RMB'000	2025 RMB'000
Salaries and other benefits	2,955	3,080
Retirement benefit scheme contributions	98	82
	3,053	3,162

The remuneration of the directors of the Company and key management personnel is determined by the remuneration committee having regard to the performance of individuals and market trends.

Exchange adjustment		1,279	61	1,340
31 March 2025		52,602	1,335	53,937

Notes to the Consolidated Financial Statements

For the year ended 31 March 2026

34. MAJOR NON-CASH TRANSACTIONS

Other than as disclosed elsewhere in these consolidated financial statements, there were no significant non-cash transactions during the financial years ended 31 March 2026 and 31 March 2025.

35. CAPITAL COMMITMENTS

	2026 RMB'000	2025 RMB'000
Capital expenditure in respect of the acquisition of property, plant and equipment contracted for but not provided in the consolidated financial statements	12,544	197,770

36. CONTINGENT LIABILITIES

During the year ended 31 March 2026, an ex-employee of the Company, whose employment was already terminated in June 2021, commenced a Labour Tribunal action against the Company on 26 November 2025 for alleged unpaid wages. The Company filed statements to support its defence on 26 January 2026 and 13 March 2026, and attended call over and mention hearings on 3 February 2026 and 7 May 2026, respectively. A trial is fixed for 6 to 7 July 2026. Having reviewed the outstanding claims and taking into account the legal advice received, the directors are of the opinion that such claim was unfounded and would not have any material adverse effect on the financial position of the Group, and no provisions have been made in the consolidated financial statements in respect thereof.

37. APPROVAL OF THE CONSOLIDATED FINANCIAL STATEMENTS

The consolidated financial statements were approved and authorised for issue by the Board of Directors on 26 June 2026.
